PRESENTED TO

**City of Sandy City
Utah**

For the Fiscal Year Beginning

July 1, 2008

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Sandy City, Utah for its annual budget for the fiscal year beginning July 1, 2008. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

June 30, 2009

Dear Citizens of Sandy:

Without question, the single most significant issue of this budget has been the economy. Like other sectors of business and government, Sandy City has felt the effects of this economic downturn. We currently project general fund revenue for FY 2008-09 to be 6.7% lower than budget. Revenue estimates for FY 2009-10 are very conservative, assuming no increase from the current low, which should insulate the city from further declines should the economic downturn continue.

Despite this economic turbulence, we stand on our commitment to manage the public's funds in a way that provides stability for our residents, in terms of the services they receive and the taxes they pay, and also for the employees that serve those residents.

Though constrained by the downturn in revenue, we are still able to provide quality services and make continued progress toward our goals. The following highlights some of the city's goals and how they are addressed in this budget.

Maintain and Improve Core Municipal Services – Reductions in revenue have necessitated budget cuts in all departments. Although these cuts make it more difficult to deliver services, we will look for ways to do more with less. Our commitment to continue quality services remains. In some cases, the cuts have included staff. We have tried to be slow to hire during times of expansion so that we could minimize layoffs in times of contraction.

Nonetheless, some positions will go unfunded. Most were seasonal positions such as interns, custodians, clerks and laborers. This cutback in funds for seasonal employees will limit future hiring, but it resulted in only two layoffs. Additionally, two full-time employees were laid off: a maintenance worker in the Public Works Department and a secretary in the Community Development Department. A contract building inspector was also terminated. This employee was hired under contract with the understanding that the contract would end when the workload went away.

Funding for an auxiliary police officer position was eliminated in the FY 2008-09 budget, and an additional two positions were eliminated in the FY 2009-10 budget. These positions are currently vacant. We anticipate that we will be able to restore the auxiliary officer

positions when the economy recovers. In the interim, we have applied for a COPS grant that might allow us to hire immediately.

In some cases, adjustments were made that reduced payroll costs but maintained staff and services. For example, the fire department used the overtime budget and retirements to reorganize in a way that reduced personnel costs and still allowed the hiring of new entry-level fire fighters to keep the stations staffed.

Neighborhood Preservation – The slowdown in construction may allow us to focus more staff resources on neighborhood preservation issues. When the economy is good and development is expanding, the city's planners and building inspectors are kept very busy. As the economy has slowed, staff has been able to catch up with the workload and even complete other projects that may have been on the back burner for some time. As they complete these projects, the staff that heretofore has primarily supported development will be able to combine its efforts with the staff that has always emphasized neighborhood preservation. The Community Development Department is currently evaluating how to use these additional staff resources in a way that would have the most significant impact on neighborhoods.

Preserve and Improve Public Infrastructure and the Transportation System – Improvements to the city's infrastructure will continue despite the economic downturn. We feel that it is important to continue capital spending for several reasons. First, it is easy to get behind without constant attention. Once behind, maintenance costs can increase, which compounds the problem. Second, the local business community is already struggling with the economic downturn, and city projects help stimulate the local economy. Third, construction costs are down, which means that more can be done with limited resources. Finally, continuity helps even out the workload of the city staff that manages the projects.

Although the decline in revenue has greatly reduced the amount of new money available for capital projects, there is sufficient money already budgeted to keep the level of actual spending at or above that of recent years. The total money for capital projects is generally two to three times the amount actually spent in any given year. In good times, it is hard for the staff to bid out and manage all of the projects that have been funded. At the end of the year, any unspent money for projects not completed is reappropriated in the next year's budget. In times when little new money is available, this pool of money is drawn down as the staff gets caught up on projects. Recently, city departments estimated \$31 million of capital spending in the last half of FY 2009 and the first half of 2010, which is slightly up from previous years.

Additionally, the city looks for other funding sources to leverage its tax dollars. Federal grants are a good funding source. A major reconstruction of 1300 East will soon get underway, which was largely funded through a federal grant. Additionally, water service will be enhanced, with the completion of the Granite tank, using significant federal funding. An urban fishery park will open in the fall of 2009, again, largely constructed with federal funds.

The federal government has also made funding available as part of the economic stimulus package. Sandy will receive nearly \$3.8 million that will be used for intersection improvements on 90th South and various energy conservation projects. Further, UDOT will use almost \$1.5 million of the money it received for improvements to I-15 ramps at 90th South.

Other significant projects underway include a new freeway interchange at 114th South, asphalt overlays, and slurry seals on city streets. The Parks Department is finalizing the site plan and bids will soon be solicited for a new park north of Union Middle School. A new park adjacent to the city's amphitheater will also be completed by early summer 2009. Water projects include a re-drill of the Flat Iron well, work on the A-1 Granite Pressure Zone, and \$1 million to replace main lines. Clearly, Sandy City was well-positioned to address the infrastructure and transportation needs of the city despite economic hard times.

Community Facilities – The city will proceed cautiously with plans to develop two new community centers. Nearly \$3.85 million of funding is available in this budget. We will seek updated cost estimates and continue to monitor revenue before starting construction. If we proceed, we will need to bond for the remaining funding. We have also identified city property that we would sell in the future to complete the project. The expansion of the Alta Canyon Sports Center would be completed first and once the Parks and Recreation Department moved in, we would renovate the building they now occupy for a new community center in historic Sandy. This budget also includes funding for small projects that will keep city facilities in good condition and efficient working order.

Highly Qualified and Motivated Workforce – Sandy City's ability to serve its citizens is directly attributable to the quality of its workforce. Though much goes into developing quality employees, the element most dependant on the budget is the annual compensation plan. However, in times when there is a strain on the budget, it can be difficult even to preserve funding for all positions. Sometimes it is necessary to strike a delicate balance between preserving positions and taking care of those employees who remain.

Rising unemployment and low inflation seem to have employees more concerned about layoffs than pay raises. Many of the cuts that do not require layoffs have already been made. Even at that, we have already had to lay off some employees, as mentioned earlier. Should revenue further erode, further layoffs are even more likely. To that end, we deemed it prudent to estimate revenue even more conservatively and to forego pay raises for now.

One of the most significant issues of the FY 2010 budget was the continuing increase in health care costs. A recent study conducted by the Utah Foundation showed health care costs increasing from 5.9% of GDP in 1965 to 16.3% in 2007. That same study showed that family coverage increased from \$10,218 in 2003 to \$12,106 in 2007, even when adjusted for inflation.

Although these same trends have placed a strain on Sandy's budget, we have been fortunate to cover a higher portion of the employee's cost at a lower cost to the taxpayer. In 2007, the average total cost for a family on Sandy's plan was \$8,247 compared to \$12,106 nationally.

The average employee across the country paid 27%, or \$3,281 of the total cost, leaving the employer to pick up \$8,825, which is still more than the total cost for a family on Sandy's plan. Sandy was able to pick up, on average, 90% of the cost, or \$7,459.

This continuing trend of rising health care costs coupled with some unusually high claims caused Regence Blue Cross of Utah to initially ask for a 25% renewal rate. Although we were able to negotiate the increase nearly in half, we determined it to be in the city's best interest to switch carriers and use Select Health, which resulted in an 8.5% increase to the city.

We also restructured the health care plans in a way that will reduce the amount the employees will have to pay out of pocket. In fact, more health plans will be fully funded by the city. As a result, most employees will see an increase in their take-home pay, which is particularly important to the employees in light of the absence of normal pay raises in July.

The city is currently implementing a new wellness program among employees to promote good health. This program, known as the Apple program, measures five important health metrics for each employee: body mass, blood sugar, blood pressure, cholesterol, and tobacco use. This data is strictly confidential. According to how well each employee's data compares to standards, the employees are given a coach and encouraged to set goals to better their health. The goal is happier, healthier employees, which, in turn, will help keep down the cost of health insurance. Employees that participate are rewarded with either lower health insurance premiums or higher contributions to their individual health reimbursement arrangement (HRA) account.

In conclusion, the recession has taken a toll on city resources. However, through adherence to sound financial principals and a dedicated workforce, Sandy City will continue to serve the needs of its citizens and business community.

Thomas M. Dolan

Notes to the Consolidated Budget Schedule

Internal Services and Transfers - The consolidated schedule attempts to eliminate double counting, and therefore it excludes internal services charges both as financing uses in the departments and as revenue in the internal service funds. By so doing, the costs of internal services such as fleet, information services, and risk management are broken out into individual components such as personnel, materials & supplies, capital outlays, etc. The consolidated schedule also excludes all interfund transfers.

Capital Outlays - The capital outlays line includes all operating and non-operating capital outlays as well as all capitalized labor, materials, and supplies. As a result, the personnel services line includes all salary and benefit costs except those that have been capitalized which are \$1,150,387 for FY 2010. Capitalized material and supplies total \$31,998. Capitalized internal services are omitted to avoid double counting.

Capital Carryovers - Each year, any unspent appropriation for capital projects is reappropriated in the next year. The City Council holds a public hearing before approving these carryovers in a meeting usually scheduled at the beginning of October. The FY 2009 estimated column is the FY 2009 budget plus any revisions made during the year including the capital project carryovers. The \$72,816,539 shown on the capital outlay line for FY 2009 includes \$37,502,597 that was reappropriated from the prior year. At the close of FY 2009, any remaining appropriation will be reappropriated in FY 2010.

Debt Service - The FY 2010 debt service line includes \$4,470,000 used to retire the current debt.

Excess/Deficiency - The line item labeled "Excess (Deficiency) of Financing Sources over Financing Uses" represents a budgeted increase in fund balance in the case of excesses, and usage of beginning fund balance in the case of a deficiency. As explained above, the FY 2009 deficit is attributable to the capital projects carryover which is essentially the usage of beginning fund balance.

GOALS & OBJECTIVES

Sandy City has adopted the following mission statement:

“Working together to enhance the quality of life in our community”

Consistent with this mission, the FY 2009-10 budget reflects the input of numerous individuals and groups, including the Mayor, the City Council, citizens, the Chief Administrative Officer, department heads, budget staff, and others. This section outlines eight areas of focus that have shaped budgetary decisions for this fiscal year in efforts to enhance the quality of life for Sandy citizens. It also includes a summary of results from the citizen survey about the overall direction of the city and citizen priorities.

FY 2009-10 GOALS AND BUDGET ISSUES

1) Maintain and improve basic core municipal services

- Maintain current tax rates.
- Adjust user fees only as justified by cost increases that otherwise would require subsidization with tax revenue.
- Avoid rapid ongoing growth by funding one-time needs with current ongoing money.
- Continue to set aside money in fund balance for financial security.
- Balance taking care of current employees with adding new employees only to maintain service levels expected by citizens.
- (Public Works) Prepare for additional ADA and environmental regulations.

2) Maintain integrity of residential neighborhoods and preserve property values

- Find innovative ways to support and preserve neighborhoods and address absentee landlords and vacant properties.
- Continue the neighborhood preservation initiative.

3) Preserve and improve public infrastructure and transportation systems

- Help make streets and neighborhoods safe through adequate street lighting.
 - Install street lights in Historic Sandy area.
- (Public Utilities) Increase the general fund transfer to compensate for decreasing revenue and increasing power costs.
- Enforce traffic laws for safe travel and safe neighborhoods.
- (Police) Continue mesh node camera system implementation.
- (Public Works) Continue to design and install traffic calming devices and projects that have a measurable impact on traffic speed and safety.
- (Public Works) Continue to fund overlay, sidewalk maintenance, and slurry seal at a level that maintains a high level of service and recognizes the increasing costs of materials.
- Continue the sidewalk maintenance / replacement program.
- (Public Works) Continue to fund major transportation projects in order to handle continually increasing traffic loads. [1300 East Reconstruction (Match), 2000 East Sego Lily-9800 South and 10600 South to Wasatch Boulevard, Monroe Street widening, Bridge Reconstruction (Match), 9000 South 700 East Intersection (Match).]
- Secure a supply of quality water adequate to satisfy needs for generations to come.
 - (Public Utilities) Continue to secure irrigation water rights when available and preserve our right to Utah Lake System water.
 - (Public Utilities) Continue to fund the capital assessment from Metro.
- Continue to implement the water master plan.
 - (Public Utilities) Continue to replace mainlines throughout the community at the level recommended in the master plan.
 - (Public Utilities) Increase the capacity of the water system by expanding the Hand Tank

- Protect homes and businesses from flooding caused by storms.
 - (Public Utilities) Consider a new bond issue to fund projects on 8000 South, 9000 South, 9400 South, and along the Sandy Irrigation Ditch.
 - (Public Works) Revise the Bulk Waste Collection program to comply with NPDES.

4) Preserve and expand existing businesses / seek new clean commercial businesses

- (Economic Development) Develop a process for property management and disposal.
- (Economic Development) Negotiate a development agreement for the area west of the promenade, which includes a Broadway-style theater.

5) Develop and improve the city's recreational trails and increase recreational opportunities (i.e. provide park and green spaces for recreational activities and to enhance the environment)

- (Parks) Construct Quail Hollow Park in future years, based on phasing plan.
- Maintain / renovate existing parks and facilities.
- Continue to implement the trails master plan.

6) Develop and maintain community facilities

- Seek funding for Community Centers.
- Work with Salt Lake County to expand the Sandy Library.
- (Parks) Develop a construction plan for the new Parks & Recreation Administrative Offices / Alta Canyon Community Center.
- (Parks) Design cemetery expansion according to our master plan.
- (Admin) Continue to fund the capital plan for long-term maintenance of city facilities.
- (Public Utilities) Continue to improve the newly acquired Public Utilities operations building.
- (Public Works) Evaluate the addition of a waste transfer station.
- (Public Works) Improve city parking lot maintenance.

7) Strengthen communications with citizens, businesses, and other institutions

- (Admin) Continue to improve the city website, newsletter, e-government / bill pay services, and online interactive maps.
- (Police) Improve business watch program.

8) Maintain a highly qualified employee workforce

- Address benefit issues such as retirement and health insurance.

CITIZEN PRIORITIES

The following is a summary of responses to questions about the overall direction of the city and citizen prioritization of issues facing the city. Dan Jones and Associates conducts this survey annually (with the exception of FY 2006 when the survey was not conducted). The results provide valuable feedback on current operations and input on the city's policy direction. Only issues and improvements that received a response rate of 2% or greater have been included. Additionally, selected results from the survey are found throughout this book in the departmental sections.

GUIDING FINANCIAL PRINCIPLES

While the city's long-term goals and objectives guide what the budget accomplishes, how that is accomplished is based on the following guiding principals:

- Sandy City exists only to serve the needs of its citizens. Since these needs are continuing and changing, the city should consistently receive citizen feedback based on both long-term and current needs.
- Sandy City should strive for economy, efficiency, and effectiveness in providing basic services. Thus, these services should not cost more than similar services provided by private industry.
- Sandy City should strive for generational fairness. Thus, each generation of taxpayers should pay its fair share of the long-range cost of these city services.
- Sandy City should finance services rendered to the general public (such as police, fire, streets, and parks) from revenues imposed on the general public, such as property and sales taxes. Special services rendered to specific groups of citizens should be financed by user fees, impact fees, license and permit fees, or special assessments.
- Sandy City should balance all budgets annually, in accordance with the requirements of Utah law, which states the following:
 - The total of the anticipated revenues shall equal the total of appropriated expenditures (Section 10-6-110, U.C.A.).
 - The governing body of any city may not make any appropriation in the final budget of any fund in excess of the estimated expendable revenue for the budget period of the fund (Section 10-6-117, U.C.A.).
- Sandy City should allow for a reasonable surplus (fund balance) to accumulate for the following purposes:
 - To provide sufficient working capital.
 - To provide a cushion to absorb emergencies such as floods, earthquakes, etc.
 - To provide for unavoidable shortfalls in revenues.

The city has adopted specific policies based on these guiding principles by which it conducts its financial affairs. These policies are stated in the following sections that discuss the budget process, financial structure, revenue, debt, and capital projects.

BUDGET PROCESS

BUDGET ROLES AND RESPONSIBILITIES

Sandy City Citizens – The citizens’ role is to provide feedback to the elected officials about the level of service they desire and about how satisfied they are with the services provided. They do this by participating in public hearings, contacting City Hall, or by responding to the annual citizens’ survey.

The City Council – The Council’s role is to provide policy direction to the Mayor, City Administrator, Department Heads, and Budget Staff. Council members should also facilitate citizen input by holding public hearings on the tentatively adopted budget. They receive a tentative budget from the Mayor on or before the first regularly scheduled meeting in May. They discuss the budget with each department and determine any changes that they wish to make. They legally adopt the final budget on or before June 22. However, if there is a change to the certified tax rate, the final budget can be adopted as late as August 17.

The Mayor – The Mayor’s role is to prepare and present a tentative budget to the City Council for review, consideration, and adoption.

The Chief Administrative Officer – The CAO’s role is to oversee the budget process as the city’s Chief Budget Officer, making sure the budget is balanced and that expenditures are within projected revenues. With the Mayor’s approval, the CAO prepares a tentative budget that is presented to the City Council on or before the first regularly scheduled meeting in May. The CAO also holds departments accountable for expenditures, making sure they are within departmental budget appropriations.

The Department Heads – The department heads’ role is to prepare a budget request based on available revenue and the policy direction they have been given. Department heads are also responsible for making sure their department’s expenditures are within budget appropriations.

The Budget Staff – The budget staff’s role is to prepare the tentative and final budget document under the direction of the Mayor and the Chief Administrative Officer. The staff members also review departmental budget requests and available resources and make recommendations for balancing the tentative budget.

BUDGET AMENDMENTS AND MANAGEMENT

Once adopted, the budget can be amended by subsequent City Council action. Reductions in or reallocations of departmental appropriations can be approved by the City Council upon recommendation of the Budget Officer, but appropriations cannot be increased in a governmental fund without a public hearing. Transfers of unexpended appropriations from one expenditure account to another in the same department can be made with the approval of the Budget Officer.

The Finance Department prepares and distributes a monthly budget report by the 10th day of the following month. Recipients of the report include the Mayor, the City Council, the Chief Administrative Officer, and all managers with budget responsibilities. The report mirrors the financial schedules contained in this budget book and includes current month expenditures, year-to-date expenditures, encumbrances, the year-to-date budget, year-to-date variances, the annual budget, and the remaining budget.

As determined by Utah state law, the level for which expenditures may not legally exceed appropriations is the departmental budget within a given fund. The City Council also requires approval for any expenditure exceeding appropriations at the project level for all capital projects. All unexpended budget appropriations lapse at the end of the budget year. However, unexpended Capital Projects Fund appropriations may be reappropriated by a resolution of the City Council without holding public hearings.

FINANCIAL STRUCTURE

The various funds used for accounting and reporting purposes are the foundation of the city's financial structure. In a like manner, the various departments within the city are the backbone of city operations. The city's departments are groups of similar functions or programs that provide for efficient management. They also provide a framework for the budget that is conceptually easier to understand. Furthermore, the total appropriation for each department within a given fund is the legal spending limit specified by state law. The budget process starts with citywide issues but much of the work involves meeting with one department at a time both with the administration and with the council. As a result, most of this book consists of departmental sections with the detail of the budget. Each department brings a draft of its section to the first budget hearing. That draft is reviewed and refined through each step of the process until it appears in its final adopted form in this book.

The schedule on page 19 illustrates the relationship between the city's financial structure and the functional units. The financial structure is shown with the major funds in separate columns and the functional units shown as departments in separate rows. Each department listed corresponds to a separate section of this budget book that provides detailed schedules and analysis. Also shown in the schedule is a breakdown of the major revenue sources by fund. The revenue and taxation section starting on page 21 provides further information on these revenue sources.

A brief narrative description of the funds that make up the city's financial structure follows:

DESCRIPTION OF FUNDS

The Governmental Funds include those activities that comprise the city's basic services. They account for essentially the same functions reported as governmental activities in the government-wide financial statements. The major governmental funds are listed separately below and the non-major funds are consolidated:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The Storm Water Fund accounts for the city's revenues and capital expenditures associated with drainage for storm water run off.

The Debt Service Funds are used to account for the accumulation of resources for payment of general long-term debt principal and interest and special assessment levies when the city is obligated in some manner for the payment. The city's debt service funds include the General Purposes Debt Service Fund, the Auto Mall Special Improvement District Fund, and the Special Improvement Guarantee Fund. Debt incurred by enterprise funds is not accounted for in the debt service funds but internally within the enterprise fund.

The Capital Projects Fund accounts for the resources used to acquire, construct, and improve major capital facilities, other than those financed by proprietary funds. The principal source of funding is contributions from developers restricted for capital construction, operating transfers from the General Fund, grants, and bond proceeds. All funds received for a particular purpose are restricted and used specifically for that purpose.

Other Governmental Funds include the non-major funds which are the following: the Redevelopment Agency, the Landscape Maintenance Fund, the Community Development Block Grant (CDBG), the Recreation Fund, the Community Events Fund, the Sandy Arts Guild, the Electric Utility Fund, and the General Trust Fund. Though combined for purposes of this schedule, additional information is available for each fund elsewhere in this book (see the table of contents).

The Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the city on a cost reimbursement basis. The Internal Service Funds include the Fleet Fund, the Information Services Fund, the Risk Management Fund, the Equipment Management Fund, and the Payroll Management Fund.

The Enterprise Funds include those activities that operate similar to private businesses and charge a fee to the users that is adequate to cover most or all of the costs. These functions are presented as business-type activities in the government-wide financial statements. The city reports the following enterprise funds:

The Alta Canyon Sports Center Fund accounts for the activities created by the Alta Canyon Recreation Special Service District.

The Water Fund is used to account for the operations of the city's water utility.

The Waste Fund accounts for waste collection services provided by an independent contractor.

The Golf Fund is used to account for the city's golf course.

FUND BALANCE AND RESERVES

Utah state law allows cities to accumulate retained earnings or fund balances as appropriate in any fund (see U.C.A. 10-6-116). However, the law restricts balances in the general fund as follows: (1) Any fund balance less than 5% of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over revenues; (2) Fund balance greater than 5% but less than 18% may be used for budget purposes; and (3) Any fund balance in excess of 18% must be included in the appropriations of the next fiscal year.

Sandy City accumulates fund balances in its various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital.
- To meet unexpected expenditures as the result of an emergency.
- To secure the city's debt and its bond rating.
- To accumulate funding for planned capital expenditures including the replacement of capital assets.
- To meet reserve requirements for liabilities already incurred but not yet paid as is the case with the Risk Management Fund.

All excess funds are invested consistent with the State Money Management Act. The resultant interest income is used as an additional revenue source in each fund. The schedule on page 19 summarizes the beginning and ending fund balances in the various funds of the city. The chart above shows the history of fund balance in the general fund. Normally fund balance in the general fund increases, however, the schedule on page 8 shows a decrease in fund balance due to lower revenues because of the recent economic downturn, and maintaining the fund balance at 11.5%. Some fund balances decrease primarily due to the way we account for capital projects. For example, the \$937,811 shown as beginning fund balance in the capital projects fund is surplus money transferred from the general fund at the end of each fiscal year and excess interest income in the capital projects fund. This money is intended to be the core funding for the capital projects program, which means that the goal is for

the ending fund balance to always be near zero. However, this year we are keeping a higher fund balance in case of further downturn. Likewise, the beginning fund balance in the "Other Governmental Funds" column primarily consists of the estimated surplus in the redevelopment funds at the end of FY 2009. The surplus money is reappropriated in the FY 2010 budget to bring the fund balance in these funds to zero except for the 9400 South CDA. This has an estimated ending fund balance of \$2,079,341 that will be used for debt service on the soccer stadium bonds.

The \$968,794 remaining is in the community events, Sandy Arts Guild, recreation, and general trust funds. The intentional fund balance decrease in the debt service fund is due to paying off the 2000 Road Bonds with fund balance reserves. The risk management, waste collection, fleet funds and Alta Canyon Sports Center have one-time uses of excess fund balance.

BASIS OF BUDGETING

Basis of budgeting refers to when revenues or expenditures are recognized in the accounts and reported in the financial statements. Basis of budgeting relates to the timing of the measurements made, regardless of the measurement focus applied.

The budgeting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are budgeted for on a spending or "current financial flow" measurement focus. This means that only current assets and current liabilities are generally recognized. "Current" for the Balance Sheet (assets/liabilities) measurement means that which will be received or paid within the next year. Non-Governmental Funds (Enterprise and Internal Service Funds) are budgeted for on a cost of services or "economic resources" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Regardless of the measurement focus, depreciation is not budgeted.

All Governmental Fund budgets are based on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available and qualify as current assets. Taxes and special assessments are accrued as receivables if they are received within 60 days after the fiscal year end. Principal revenue sources susceptible to accrual include property taxes, sales taxes, franchise taxes, special assessments, and interest on investments. Furthermore, expenditures are recorded when current fund liabilities are incurred (i.e. capital acquisitions, bond issuance costs, etc. are expensed and they are not capitalized and depreciated or amortized over the life of the assets). Exceptions to this general rule include: (1) the long-term portion of accumulated unpaid vacation; and (2) principal and interest on general long-term debt which are recognized when due.

All Enterprise and Internal Service Fund budgets are based on the accrual basis of accounting. Under the accrual basis, revenues are recorded when earned and expenses are recorded when the related liability is incurred. The city applies all applicable Governmental Accounting Standards Board (GASB) pronouncements to proprietary funds. Pronouncements of the Financial Accounting Standards Board (FASB) are applied if issued on or before November 30, 1989 and do not conflict with GASB pronouncements.

REVENUE & TAXATION

Sandy City is funded through two categories of revenue: taxes and fees. Tax revenue is primarily used to pay for services provided to the public in general such as police, fire, streets, and parks. The city also provides services that benefit specific groups of citizens for which a specific fee is charged which is intended to pay for all or part of the costs incurred to provide that service. The city follows the revenue policies below:

REVENUE POLICIES

- Sandy City should estimate revenues conservatively to avoid unexpected deficits and to provide a funding source for capital project needs.
- Sandy City should minimize the use of one-time revenue to fund ongoing services.
- Sandy City should aggressively collect all revenues or taxes due.
- Sandy City should annually review user fees, impact fees, license and permit fees, and special assessments:
 - To determine that the full long-term service costs are not being subsidized by general revenues or passed on to future generations of taxpayers.
 - To determine the subsidy level of some fees.
 - To consider new fees.
- Sandy City should waive or defer fees only in accordance with the administrative appeal procedure under standards set by the City Council. All fees waived or deferred must be documented and submitted to the City Treasurer. Any fee determined to be uncollectible must be approved to be written off by the Finance Director.
- Sandy City should seek to maintain a stable tax rate. Generally, taxes should not be increased unless:
 - Inflation has clearly forced operating costs upward faster than tax growth.
 - New services are instituted to meet citizens' needs.

REVENUE ANALYSIS

User Fees – User fee revenue will be discussed in the section corresponding to the department that provides the service funded by the fee. User fees are based on an analysis of how much of the cost should be covered by the fee versus how much should be subsidized by general taxes and revenue. Factors considered in the analysis include:

- How the fees compare with those charged by other cities,
- Whether the service benefits the general public versus an individual user, and
- Whether the same service can be offered privately at a lower cost.

General Taxes & Revenue – The remainder of this section will provide information on the major tax revenue sources used to fund the city's general government services. Each source will have information on:

- How the tax is calculated,
- Significant trends,
- Underlying assumptions for the revenue estimates, and
- A look at how Sandy's taxes compare with similar jurisdictions.

The above chart shows the six-year trend for those revenue sources classified as general taxes and revenue as well as the receipts for state road funds. In total, these five sources comprise nearly 80% of the general fund revenue. It is important to maintain balance among major revenue sources. Sales tax revenue fluctuates more with the economy than the other revenue sources. Because Sandy has been in a growth mode for the past 30 years, much of the fluctuation caused by the economy has been mitigated. As the city approaches maturity, balance among revenue sources will become even more important. The chart above shows that while sales tax and franchise tax have increased in recent years, property tax, state road funds, and motor vehicle fees have remained relatively stable or have declined. The reasons for these shifts are outlined in the sections that follow.

SALES TAX

Sales tax is Sandy City's largest revenue source contributing more than 36% of general fund revenue. State law authorizes cities to receive sales tax revenue based on the process described in the chart shown here. Sales tax revenue is forecasted by the finance department using a qualitative method which makes assumptions about each of the relevant factors in this distribution model. Trends in each of the relevant factors were analyzed as follows:

State Law – No changes in the rates specified in state law are anticipated.

Population Data – Changes in population data can have a significant impact on sales tax revenue. Since the 2000 census, population growth in Sandy has been slower than the state as a whole. As a result, each time the State Tax

Commission uses new population estimates to distribute sales tax revenue, Sandy gets a smaller slice of the pie. The estimates for FY 2010 assume that the State will use new population estimates beginning with the July distribution that continue to assume slower population growth in Sandy.

Statewide Sales – With half of the sales tax revenue coming from the statewide pool, the amount of statewide sales is a major factor in the estimate. Statewide sales showed little growth or a decline in FY 2002 and FY 2003 but began to turn around midway through FY 2004. The Sandy City FY 2010 budgeted forecast assumes a similar trend with negative growth spanning multiple fiscal years. Although the statewide sales are expected to improve, due to the volatility and unprecedented nature of the current economic slowdown, the FY 2010 forecast reflects a very conservative approach. Thus, the growth estimate for July 2009 is -12.0% and -3.0% in June 2010. The overall decline is -6.32%.

Sandy City Sales – With the other half of sales tax revenue deriving directly from sales made in Sandy, it is important to project separately the growth in retail sales made in Sandy. Sandy sales have generally grown at a faster rate than statewide sales, but as was the case with population growth, that trend was reversed in FY 2004. Since then, Sandy sales have grown at a slower pace than statewide sales. The FY 2010 forecast for Sandy sales reflects slightly slower growth than the expected statewide trend. Thus, the growth estimate for July 2009 is -13.0% and 5.0% in June 2010. The overall decline is -7.57%.

PROPERTY TAX

Property tax is Sandy City's third largest source of tax revenue accounting for nearly 16% of general fund revenue.

The following chart shows historical tax rates for the city and how they relate to an average \$250,000 property. Residential properties are taxed at 55% of the value, while business and state assessed properties are taxed at 100% of the value.

	Tax Year 2005	Tax Year 2006	Tax Year 2007	Tax Year 2008	Tax Year 2009
Tax Rate:					
General Fund	0.001603	0.001381	0.001142	0.001072	0.001237

Risk Management Fund	0.000088	0.000076	0.000063	0.000059	0.000068
Total Tax Rate	0.001757	0.001514	0.001252	0.001175	0.001356
Property Tax on \$250,000 Home	\$ 241.59	\$ 208.18	\$ 172.15	\$ 161.56	\$ 186.45
Business or State Assessed Property	\$ 439.25	\$ 378.50	\$ 313.00	\$ 293.75	\$ 339.00

It should be noted that the Alta Canyon Recreation Center, which is managed and operated by Sandy City, also levies a property tax. By virtue of Alta Canyon's status as a special district, this tax is separate from the Sandy City property tax.

Truth in Taxation – In order to understand property tax in Utah it is necessary to understand a section of Utah Law known as “Truth in Taxation.” The county is responsible for administering property taxes and each June it submits to the cities a certified tax rate that would generate the same amount of revenue as the previous year plus any new growth. The certified tax rate does not provide for additional tax revenue due to increased valuation of existing property. If the city chooses to adopt a tax rate higher than the certified rate, state law has very specific requirements for newspaper advertisements and public hearings from which the name “Truth in Taxation” is derived.

Revenue Projections – The relevant factors in the preliminary property tax forecast include the tax rate and new growth. According to state statute, the adopted tax rate and budgeted revenue is provided by the Salt Lake County Auditor's Office in June.

Property Tax Rate – Sandy City's property tax rate is modest when compared to its neighboring cities and similar sized cities in Utah as illustrated in the chart below. The FY 2010 budget does not include an increase in the tax rate.

New Growth – New growth is initially estimated using a trend analysis and using a report of new construction generated by the city's Building Division. Since the growth number used in the final budget must be the county's number, adjustments are made as needed.

FRANCHISE TAX

Franchise Taxes are the second largest source of General Fund Revenue generating 16.5% of general fund revenue. State law authorizes cities to collect up to 6% on utilities operating within city boundaries. The relevant factors in forecasting franchise fee revenue are as follows:

Tax Rate – Sandy City charges a 6% franchise tax to the electric and natural gas utilities and 5% for cable television. The franchise fee for telecommunication services is also set by state law at 3.5%.

Utility Rate – Changes in utility rates affect the revenue collected by the utility and therefore the amount of tax remitted to the city. Utility rates are regulated by the Public Service Commission. It has not been uncommon to experience rate decreases as well as increases. Any announced rate changes are factored into the revenue projections; however, the projections for FY 2010 include normal growth.

Usage – Utility revenue is sensitive to changes in usage. The electric and natural gas utilities can be affected in particular by the weather. The projections take weather variations into account and assume a normal weather pattern. The size of households also has some affect on utility usage. The average household size in Sandy has decreased in recent years, which has resulted in reduced usage.

MOTOR VEHICLE FEES

Motor vehicle fees account for 1.5% of general fund revenue. The fee is a personal property tax for passenger cars and light trucks. It is a uniform fee based on the age of the vehicle. The fee is applicable to passenger cars, light trucks (including sport utility vehicles), and vans. These fees are due at the time of registration, even on new vehicles and vehicles that are registered more than once during a given year. The fees are as outlined in the table.

The fees collected are transmitted to the county where they are distributed to the taxing jurisdictions in proportion with the property tax revenue. As a result, the distribution is affected by changes in tax rates and growth in other jurisdictions. Other county jurisdictions have increased property taxes while Sandy has not. The result is that Sandy has received a smaller portion of the available motor vehicle fees. A qualitative method is used to project revenue based on past trends.

Age of Vehicle	Equivalent Tax
Less than 3 years	\$150
3 or more years but less than 6 years	\$110
6 or more years but less than 9 years	\$80
9 or more years but less than 12 years	\$50
12 or more years	\$10

STATE ROAD FUNDS

State Road Funds generate just over 6.5% of general fund revenue. This revenue source is the city's share of the B & C Road Fund administered by the Utah Department of Transportation with the primary source being the \$0.245 per gallon tax levied on motor fuel. Sandy City receives its allocation through a formula weighted 50% on the city's proportion of the state's population and 50% on the city's proportion of the state's road miles. Because both Sandy's population and road miles are not growing at the same rate as those of the state, the city's projected state road funds revenue should decrease over time.

The chart below illustrates that the money received from the state road fund is sufficient to cover about 25% of the road-related costs. In fact, the streets budget alone is more than the revenue received from state road funds.

Though generated primarily through taxes, state road funds are limited in use and therefore not classified, for purposes of this budget book, among general taxes and revenue. However, it is a significant enough revenue source to merit further explanation here.

A qualitative method is used to forecast State Road Funds based on trends for each of the following factors used in the formula: population, road miles, and available road funds.

Population – As discussed earlier in the sales tax section, the FY 2010 estimate assumes a small decrease in Sandy’s population as a percent of the statewide population. Sandy’s population has been growing slower than the state as a whole since the 2000 census even though it had grown more rapidly than the state for many years previously. This trend is the result of a demographic shift to smaller household sizes and to the greatly diminished amount of land that can still be developed.

Road Miles – Also attributable to the slowing in development relative to the rest of the state, the city’s proportion of road miles is in slow decline. The forecast reflects this trend.

Available B&C Road Funds – Gas tax revenue is based on consumption rather than the price of fuel. In reality, an increase in fuel prices can result in lower consumption. Over the past decade, periods of significant decline in road funds have typically been followed by periods of modest growth. The assumption for increase in available B & C Road funds, based on the aforementioned factors, is a conservative 2.3% over FY 2009 estimates.

DEBT

Sandy City uses debt judiciously consistent with the policies listed below. The city currently enjoys an AA+ bond rating from Standard and Poor's for sales tax revenue bonds. This rating allows the city to issue bonds at a lower rate than governmental agencies with a less favorable bond rating. Only 3% of cities nationwide receive the AA+ rating. The FY 2010 budget includes \$8.1 million of debt service payments. As of June 30, 2010, the outstanding debt will be about \$73 million. The schedule below includes the general debt of the city as pertaining to the governmental funds. Debt incurred by the proprietary funds is included in the departmental sections. Currently the Water and Golf funds have outstanding debt issues.

DEBT POLICIES

- Sandy City should combine pay-as-you-go strategies with long-term financing to keep the debt burden low.
- Sandy City should seek to maintain or improve the city bond rating, currently "AA+."
- Sandy City should seek the most practical and cost efficient financing available.

A description of each of the city's debt issues follows:

Fund 3102 – City Hall Bonds – On December 15, 2005, the city issued \$3,650,000 in General Obligation Refunding Bonds. This issue is formally referred to as the 2005 General Obligation and Refunding Bonds. These funds were used for the purpose of refunding the 1995 General Obligation and Refunding Bonds which in turn refunded the 1991 Public Building and Refunding Bonds. The city has used general revenue and property tax as the primary funding source, which is more than sufficient for both the principal and interest.

Fund 3104 – Section 108 Loan – On June 6, 1996, the city issued a \$2,515,000 note, guaranteed by the Secretary of Housing and Urban Development (HUD). This note was acquired for payment of the Senior Citizen Center located within city boundaries at 9310 South 1300 East.

Fund 3106 – Innkeeper Bonds – On December 1, 1998, the MBA issued \$7,840,000 in Lease Revenue Bonds. This issue is formally referred to as the 1998C MBA Lease Revenue and Refunding Bonds. These funds were used to finance the construction of the amphitheater and Lone Peak Park as well as to refund the 1998B Lease Revenue Bonds. The city's intent is to use the innkeeper tax as the primary funding source. This tax alone is inadequate, so the general fund will make up the difference. The MBA makes the debt service

payments from the proceeds of a master lease with Sandy City. In fiscal year 2005, this issue was refunded with the Series 2004 Sales Tax Revenue and Refunding Bonds.

Fund 3109 – Parks Projects Bonds – On December 7, 1999, the MBA issued \$9,780,000 in Lease Revenue Bonds. This issue is formally referred to as the 1999 MBA Lease Revenue Bonds. These funds were used to purchase and improve 53 acres of land for use by the city as a park and also for improvements to Lone Peak Park. A grant was also received for approximately \$2,000,000 to aid in the purchase of the land. The MBA makes the debt service payments from the proceeds of a master lease with Sandy City. The lease payments are currently paid by the South Towne Redevelopment Agency through the “haircut” provision that allows RDA money to be used for these purposes. In 1999, the law was changed to allow RDA funds to be used for parks projects that are part of a master plan. In fiscal year 2005, this issue was refunded with the Series 2004 Sales Tax Revenue and Refunding Bonds.

Fund 31010 – 2000 Road Bonds – On March 7, 2000, the city issued \$7,075,000 in Motor Fuel Excise Tax Revenue Bonds. This issue is formally referred to as the 2000 Motor Fuel Excise Tax Revenue Bonds. These funds were used to construct and improve streets located within the city’s boundaries. The pledge for this issue is the Class C Road Funds which consist primarily of certain motor fuel excise taxes levied and collected by the State of Utah and apportioned to the city pursuant to applicable Utah law. However, RDA tax increment funding (Civic Center South) and haircut funding (Civic Center North) is currently being used to service the debt.

Fund 31011 – Storm Water Drainage Bonds – On February 15, 2002, the city issued \$10,180,000 in Sales Tax Revenue Bonds. This issue is formally referred to as the 2002 Sales Tax Revenue Bonds. These funds were issued to finance the costs associated with acquiring, constructing, and equipping certain storm drain improvements and bond issuance costs. The city’s intent is to repay the bonds with the storm water fees charged on the utility bill and use the sales and use tax as the pledge for this issue.

Fund 31013 – Justice Court Building Bonds – On August 15, 2003, the city issued \$7,225,000 in Sales Tax Revenue Bonds. This issue is formally referred to as the 2003 Sales Tax Revenue and Refunding Bonds. The funds were used to finance the acquisition of a justice court building and to refund the 1996 Motor Fuel Excise Tax Revenue Bonds. The pledge for this issue is the sales and use tax which is collected by the Utah State Tax Commission and distributed monthly to the city, as provided by law.

Fund 31015 – 2007 Soccer Stadium Bonds – On August 23, 2007, the Redevelopment Agency of Sandy City issued \$35,000,000 in Transient Room Tax Revenue Bonds. These issues are formally referred to as the Series 2007A Transient Room Tax Revenue Bonds, and the Series 2007B Subordinate Transient Room Tax and Annual Contribution Revenue Bonds. These funds were used to acquire 22 acres of land, finance infrastructure improvements, and pay for city permits, fees, reimbursements, and bond issuance costs associated with the Salt Lake ReAL soccer stadium. The majority, if not all, of the bond payments will be funded through a county-wide transient room tax (TRT) levied on hotels within Salt Lake County.

Fund 31016 – 2007 Road Bonds – On November 8, 2007, the city issued \$6,360,000 in Motor Fuel Excise Tax Revenue Bonds. This issue is formally referred to as the Series 2007 Motor Fuel Excise Tax Revenue Bonds. The funds were used to finance the acquisition, construction, and improvement of roads. The pledge for this issue is the Class C Road Funds which consist primarily of certain motor fuel and excise taxes levied and collected by the State of Utah and apportioned to the city pursuant to applicable Utah law.

Fund 31017 – 2008 Soccer Stadium Bonds – On August 4, 2008, The Redevelopment Agency of Sandy City issued \$11,040,000 in Community Development Tax Increment and Revenue Bonds. This issue is formally referred to as the Series 2008 Community Development Tax Increment and Revenue Bonds (9400 South Community Development Project Area). The funds were used to finance a portion of the land acquisition and construction of infrastructure, parking, landscaping and related improvements in connection with the Salt Lake ReAL soccer stadium. They were also used for a debt service reserve deposit, and to pay issuance costs. The city has pledged 100 percent of the city’s property tax increment with respect to the 9400 South Community Development Project Area to pay the bonds.

CAPITAL BUDGET

The FY 2010 budget includes \$24.3 million for capital expenditures. A summary schedule of the capital budget can be found on pages 34-35. The charts below summarize the various funding sources and uses of the capital budget.

FUNDING SOURCES

Funding for capital projects comes from various sources as noted in the chart above. A description of each of the various funding sources and the city's philosophy of funding capital projects is discussed below:

- **General Taxes & Revenue** – Each year, the general fund budget includes a predetermined increase to fund balance which is the excess of financing sources over financing uses listed in the schedule on page 8. Any additional excess is transferred to the capital projects fund at the end of the year and becomes the primary source of general taxes and revenue funding for the upcoming year. Most of the excess results from conservative revenue estimates as proscribed by the first revenue policy on page 21. The conservative revenue estimates also provide for better stability for the operating budget. If significant revenue surpluses do not occur, there is less money available for capital projects. However, in any given year, more capital projects are funded than can be completed in the next fiscal year which minimizes the impact.
- **Impact Fees** – Utah law allows municipalities to charge impact fees as a condition of development. Proceeds from these fees can only be used for capital facilities resulting from the impact of new development. Sandy charges impact fees to pay for the capital expansion associated with parks, trails, police, fire, storm drains, and water.
- **Grants** – Some capital funding comes from grants made available from the federal, state, or county governments. The FY 2010 budget includes \$4.5 million for the 1300 East improvements project. In addition grant funding may come at any time which will be adjusted midyear when actual amounts are known.
- **State Road Funds** – The current practice is to use 38.75% of the money received from the gasoline tax for capital projects or for debt service associated with bonding for capital projects. State Road Funding is further explained on pages 25-26.
- **Internal Service Charges** – The city's internal service funds charge other departments for services related to computers, fleet, and risk management. The current practice is to provide consistent ongoing funding for fleet replacements. The information services charge includes an amount sufficient to fund a capital plan that is further explained below.

- **User Fees** – User fees pay for services including water, storm drain, recreation, and golf. The fees are set at a level which provides ongoing funding for capital projects related to these services. For example, the City Council has specified that \$2 of the \$5 storm water fee go towards capital projects.

CAPITAL POLICIES

By policy, a capital expenditure is for an asset that is tangible in nature with a useful life of more than two years. Additionally, a capital expenditure must meet the following capitalization thresholds:

Asset Category	Capitalization Threshold (in \$)	Useful Life (in years)
Land	0	N/A
Buildings	15,500	40
Improvements Other Than Buildings	15,000	20
Utility Plant in Service	15,500	25-33
Office Furniture and Equipment	7,500	5-10

IMPACT ON THE OPERATING BUDGET

Capital projects are categorized as replacement or expansion projects. Replacement projects are routine in nature and involve the replacement or upkeep of existing assets. Ongoing commitment to replacement projects is important to the vitality and stability of the city. Expansion projects add to the asset base of the city and often result from policy decisions. Expansion projects also may have an impact on the operating budget either in terms of additional personnel, maintenance, utility, or other costs, or potentially in terms of additional revenue or operating savings. The departmental sections of this book divide capital projects into these two categories and provide information on the above issues in the narratives. Also included is more detailed information including a budget breakdown by project, budgeted expenditures for the prior year, and a three-year plan for future expenditures.

The following is a summary of the impact of the capital budget on the operating budget. Only included are those projects with a significant impact which would include any project that will result in the need for additional staff or will result in any ongoing increase or decrease in the operating budget greater than \$10,000 per year.

Project	Budget Impacted	Expected Impact
1228 – Historic Sandy Community Center	1-420 Parks & Cemetery	The capital budget for this project is currently just seed money that will not have an immediate impact on the operating budget. Construction is expected during FY 2011 – FY 2013. Eventual operating impacts will likely include increased revenues as well as expenditures to run the programs offered at the center. Ongoing operating budget impacts will be determined as plans are finalized.

Project	Budget Impacted	Expected Impact
12802 – Parks & Rec. Admin. / Community Center	1-420 Parks & Cemetery	The capital budget for this project is currently just seed money that will not have an immediate impact on the operating budget. Construction is expected during FY 2010 – FY 2011. This new building will house both the Parks & Recreation department and a community center. Although operating costs are expected to increase between \$218,121 and \$302,325, program revenues are also expected to increase between \$356,010 and \$471,365.
14050 – Quail Hollow Park	1-420 Parks & Cemetery	The capital budget for Quail Hollow Park will not have an immediate impact on the operating budget as it would not require operating costs until FY 2011, at the earliest. It is anticipated that each additional acre of park space results in \$711 of fertilizer, \$236 of sprinkler parts, \$2,830 in water, and \$3,903 in labor, for a total of \$7,680 per acre. In addition, each restroom adds \$620 in supplies and \$492 in sewer cost. Every 10 parking stalls add \$60 in storm water fees. Thus, the 63 acre park will require an approximate increase of \$487,000 in operation funds. However, phased construction of this park will assist in gradually absorbing these increased operating costs.

THE CAPITAL PLANNING PROCESS

The City Council provides oversight for the capital budget. Council members review and adopt the budget in this book. Additionally, they review and approve the carryover of any unexpended funds in the prior year's budget. They also approve by resolution any budget adjustment at the project level during the year for all capital projects in governmental funds. The City Council also reviews and approves all master plans. The following is a summary of the planning processes that influence the capital budget.

Plan	Origin of the Plan	Elements of the Plan
Mayor and Council Planning Goals	The Mayor and Council annually hold a planning session. See pages 10-13 for more information.	The annual goals set by the Mayor and Council set the priority for the city budget. Their planning session uses input from the citizen survey, staff recommendations, and the planning documents listed below.
Budget Three-Year Capital Plan	See the individual department sections of this budget document.	As part of the annual budget process, and with input from all of the other planning processes, a three-year funding plan is incorporated into the budget document. The plan is based on a three-year estimate of revenue.
Water Master Plan	Originally adopted in 2000 and updated in 2003.	Highlights of the plan components include: <ul style="list-style-type: none"> • increase the supply of available water by 5,060 acre feet, • increase peak daily production capacity to 89.6 mgd by 2030, • increase the storage capacity to 40.9 million gallons by 2010, • better flows for fire suppression in key areas, and • rate recommendations for funding.

Plan	Origin of the Plan	Elements of the Plan
Storm Water Master Plan	Last updated in 2009	<p>With the objective to prevent flooding for storms less severe than a 10 year, 3 hour event, the plan does the following:</p> <ul style="list-style-type: none"> identifies 112 projects totaling \$56.8 million, prioritizes projects on the basis of several factors: <ul style="list-style-type: none"> existing flooding problems, project phasing, concurrent construction, and alternate funding sources, implements a storm water fee to generate ongoing funding.
Transportation Master Plan	Last updated in September 1996; FY 2006 budget funds an update.	<p>Highlights of the plan include:</p> <ul style="list-style-type: none"> projected growth by analyzing existing traffic volumes, recommended short-, medium-, and long-term projects, recommended work needed on an annual basis.
Parks Master Plan	Last updated in August 2004; original plan completed in 1996.	<p>Citizen survey identified 3 priorities:</p> <ul style="list-style-type: none"> remodel, refurbish, and update current parks and facilities, expand the trail system, and acquire land for neighborhood and community parks.
Sandy Corners Master Plan	Community Development Department with Mayor & Council approval	<p>Sandy Corners is a commercial/retail area located at 9400 South and 700 East. The stated goal of this plan is to:</p> <ul style="list-style-type: none"> create a walkable environment and efficient traffic flow, establish transit connections, and promote economically viable businesses. <p>This plan will not have a budget impact until future years.</p>
South Towne Promenade Master Plan	Community Development Department with Mayor & Council approval	<p>The South Towne Promenade is a wide street park connecting the South Towne Mall and Sandy City Hall. The plan includes these items:</p> <ul style="list-style-type: none"> additional trees and landscape features, walkways and pedestrian lighting, and a wetland interpretive and education center.
Pavement Management Plan	The Public Works Department maintains and perpetually updates a pavement management database.	<p>The policy is to:</p> <ul style="list-style-type: none"> maintain at least 80% of roads in good or better condition, and have no more than 10% in substandard condition.
Information Services Capital Plan	This plan is generated by the IS division and reviewed by the IS Steering Committee; pp. 98-99 include the next three years of planned replacements.	<p>This plan calculates a charge to city departments sufficient to replace the main network, core software systems, and the telephone system. Assumptions used in the analysis include:</p> <ul style="list-style-type: none"> an inventory of all equipment, the estimated useful life and projected replacement date, and the replacement cost.
City Facilities Capital Plan	This plan is generated by the Building Maintenance Division; funding is included in project 1201 - Municipal Building (see page 51).	<p>This plan calculates:</p> <ul style="list-style-type: none"> an inventory of all major systems in city buildings, the estimated useful life or maintenance schedule, and the related costs.

COMMUNITY PROFILE

Sandy City is Utah's fifth largest city. The nearby Wasatch Mountains provide water, recreational opportunities, and a scenic backdrop. The I-15 corridor and TRAX light rail line on the west side of the city provide both access to downtown Salt Lake City and the opportunity to be a commercial center for the south end of the valley.

Sandy experienced tremendous growth both in land area and population during the past thirty years. Annexation of previously unincorporated land has resulted in growth from 6.6 square miles in 1970 to nearly 23 square miles today. Annexations combined with new construction resulted in population growth from 6,438 to 94,203 in that same time period. Many of the new homes built during the 70's and the 80's were bought by young families which resulted in one of the lowest median ages in the nation. In recent years, the population has aged as many of the children in the young families have grown and left home. The median age of Sandy City changed from 20.3 years in 1980 to 29.1 years in 2000. This demographic shift has had an affect on the city budget in such areas as declining participation in recreation programs and a reduced rate of growth in both sales tax revenue and state road funds which are based partially on population.

Commercial growth, however, continues along the I-15 corridor which in turn continues to fuel a strong economy and tax base and provides job opportunities for residents.

Department Organization

Administration

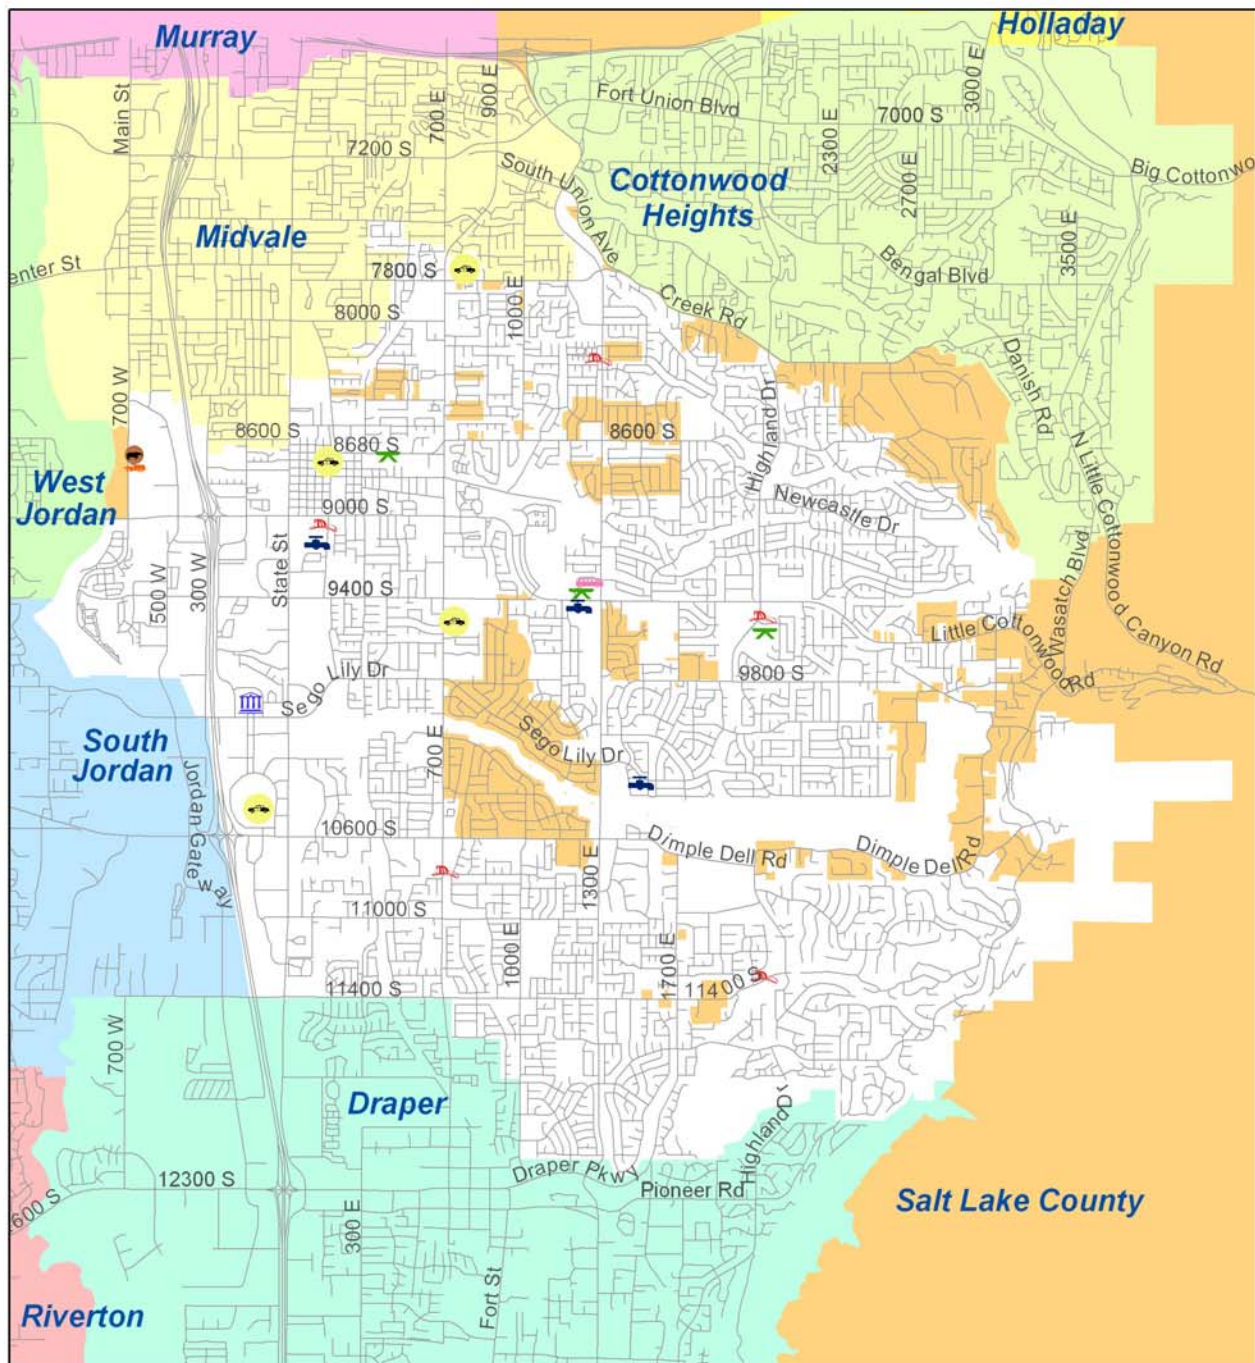

Department Description

Sandy City Administration is charged with ensuring the quality management of all city services and activities. Led by the Mayor and the Chief Administrative Officer, the department is active in all of the general management practices of the city. Specific, day-to-day operations of city functions are the responsibility of skilled department directors who work in conjunction with Administration in "enhancing the quality of life in our community."

Department Mission

The mission of the Administration Department is to provide general oversight and direction for all city services and operations.

 Jake Petersen, GIS Technician
 April 27, 2009

- Provide oversight and direction to city departments as outlined by the Mayor and the Chief Administrative Officer.

Five-year Accomplishments

- Developed and enhanced new city web page and citizen newsletter.
- Purchased, renovated, and transitioned Third District Court facility to City Justice Center.
- Continued development of parks and cultural arts facilities at 9400 South 1300 East.
- Implemented numerous legislative initiatives designed to improve operational efficiencies.

Performance Measures & Analysis

The Administration Department has conducted an annual citizen survey since 1995. The survey, conducted by Dan Jones and Associates, Inc., serves as an excellent report card to identify city strengths and weaknesses. The survey is reviewed by each department and incorporated into each department's process improvement efforts. The survey also serves as a great feedback tool in specifically asking city residents what they would like to see from the city in the future, for example, additional recreation amenities, street improvements, cultural arts initiatives, etc.

- Implemented HIPAA compliant policies and procedures.

Performance Measures & Analysis

Over the past several years, the workload for the Human Resources Department has increased as a result of the following events:

- a fluctuating employment market,
- the acquisition of new city divisions - the Alta Canyon Recreation Center and the River Oaks Golf Course,
- the hiring of additional personnel in existing city departments, and
- additional and changing federal and state compliance issues, including FMLA, HIPAA, COBRA, ADA and USERRA.

- Preserve and manage official city records, documents, and contracts according to Utah State Code requirements.
- Administer biennial city election.
- Facilitate off-site storage of vital city records.
- Conduct records search for city staff and public.
- Coordinate GRAMA request responses in a timely manner.
- Publish legal notices and public hearing notices for the city.
- Administer and control mailing, shipping, and copy room operations for the city.

Five-year Accomplishments

- Assisted Community Development to identify non-residential building plans that had met retention requirements, resulting in the disposal of approximately 1,500 plans.
- Developed a plan for yearly transfer of terminated employee personnel files to the State Records Center.
- Audited and indexed all Sandy City ordinances back to 1893. Verified recording with Salt Lake County Recorder.
- Audited and indexed all archived Sandy City annexations and verified recordings.
- Monitored and enforced contract insurance reviews with the city's risk management office.
- Successfully administered the biennial general city elections.
- Revised and maintained a web page for the city recorder's office.

Performance Measures & Analysis

The City Recorder's Office has increased its role in the organization over the past several years. With the expertise developed through processing contracts for the city, managing changes associated with electronic and early voting, handling changes to hearing notice requirements, and notable increases in GRAMA requests, many more departments now rely on our assistance.

General Policies

The Sandy Justice Court is a court of limited original jurisdiction for the adjudication of Class B & C misdemeanors and infractions occurring within Sandy City. The court also handles civil small claims filings. As an integral part of the city's criminal justice system, the court follows several core principles as service delivery objectives.

- Treat all individuals with dignity and respect.
- Ensure that proceedings are fair, impartial, and timely.
- Provide appropriate case follow-up to ensure compliance with judicial orders.

Revenue Policy

The city's policy for revenue generated by the court is as follows:

- The Justice Court is funded by the city's general fund without regard to the revenue generated by court fines.
- Court fines and the bail schedule are established by state law.
- The intent of court decisions, fines, and enforcement activities is to change behavior and not solely to generate revenue.
- Those who violate traffic, zoning, and animal-related laws should primarily bear the costs of enforcement rather than the general public.
- The court will make every effort to collect all revenue due and handle cash in compliance with city policy and the state money management act.

Note: Citizen feedback consistently underscores the importance that city residents place on safety specifically citing traffic control as a desired improvement (see the survey results on page 12). One of the city's core functions is to promote public safety by enforcing the laws established for that purpose. The FY 2010 court services budget includes \$1,366,399 of direct costs. The city's cost allocation study identifies an additional \$638,478 of indirect costs associated with the building, human resources, finance, and other overhead costs as well as the costs related to prosecution. The costs associated with the officers that issue the tickets are also significant but have not been calculated. However, the difference between the \$2,983,108 generated by court fines and the sum of the direct and indirect costs is equal to just 8% of the Police Department's budget. The cost of the police, zoning, and animal control officers exceeds this amount which means the money collected in court fines covers most but not all of the total costs of enforcement. The city believes that this is as it should be. The violators should pay for most of the costs but not so much that money becomes an incentive that could result in unreasonable enforcement.

Five-year Accomplishments

- Court Referee

The Justice Court holds referee hearings for minor traffic offenses and animal control violations. This reduces the number of cases that would otherwise go before the judge for an arraignment. It also reduces the prosecuting attorney's workload, permitting both prosecutors and judges to focus on more serious criminal offenses. During 2008, referees heard 3,219 matters of which only 8-9% proceeded to trial. Clerks authorized to offer non-appearance plea-in-abeyances for minor traffic violations reduced the number of hearings needed.

- Video Technology

In 2008, 2,025 defendant appearances were accomplished through the use of video technology between the court and various jail facilities throughout Utah. This effort improved overall security and saved over \$55,000 in transport costs which would have been incurred during the year.

- Case Management

In mid 2006, Sandy City became Utah's only entity to electronically file prosecutor's "Informations." Further enhancements are envisioned, but this grant-funded effort has already proven its worth in the first 30 months of operation. In addition, the court continues to file UHP citations as well as Sandy Police Department citations electronically.

Performance Measures & Analysis

Court Services

New case filings in the Justice Court totaled 24,961 in 2008. This represented a 5.4% reduction from 2007. Mid-year budget reductions and fewer authorized clerk FTEs coupled with reduced filings resulted in 1,997 new cases per clerk. Staff continued to provide improved telephone response times and slightly reduced the backlog of cases pending. Calls answered without delay improved to 78.3% for the entire year. By year's end the number of pending cases was reduced by 3.4% compared to 2007's level. Modest improvement is possible in 2009 depending on staffing levels and caseload.

Significant Budget Issues

- 1 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been reduced for FY 2010.
- 2 Court Appointed Counsel** - As a result of more individuals meeting the indigency standard and to meet statutory requirements, the court has increased this line item.

Policies, Objectives & Initiatives

Emergency Management

The Emergency Management Coordinator serves as staff advisor to the Mayor and Chief Administrative Officer on Emergency Management matters. Objectives and initiatives include:

- Developing and maintaining the overall Emergency Management program.
- Writing, maintaining, and updating the Emergency Operations Plan.
- Maintaining, stocking, and coordinating the activation of the city's Emergency Operations Centers.
- Establishing written Memorandums of Understanding (MOU's) with outside agencies.
- Conducting the local meetings of Citizen Corps and the Local Emergency Planning Committee (LEPC).
- Ensuring the City's compliance with the National Incident Management System (NIMS).
- Supporting the efforts of state, county, and local groups who focus on emergency management.

Five-year Accomplishments

- Established written MOU's with Garner Disaster Services, the Jordan School District, the Utah Food Bank, and the LDS Church.
- Invited five representatives from FEMA to come and provide training and information for Sandy officials, the Mayor's Cabinet, the Local Emergency Planning Committee, and the Sandy Citizen Corps Council.
- Established an "Adopt-A-Pod" program where groups of residents are trained to operate a Point-of-Distribution (POD) for distributing emergency supplies from FEMA.
- Revised and updated the Emergency Operations Plan (EOP).
- Sent Sandy City employees to the FEMA Emergency Management Institute for training with over 100 course completions.
- Established primary and secondary Emergency Operations Centers (EOC's).
- Equipped the city's Emergency Operations Center.
- Acquired federal grants for emergency management training and equipment purchase.
- Strengthened relationships with residents through the Sandy City Citizen Corps Council.
- Established three of the five Pillar Programs of Citizen Corps in the Sandy City Citizen Corps Council:
 1. Community Emergency Response Team (CERT) training
 2. Neighborhood Watch
 3. Volunteers in Police Services (VIPS)
- Conducted emergency management exercises locally, and with Salt Lake County.
- Coordinated NIMS certification requirements for the city.
- Received the National Weather Service's "StormReady" award.
- Provided an Emergency Management page on the Sandy City website.

Sandy City's Community Events Department believes in the importance of community. Through our events, we strive to create a sense of place and pride in Sandy City. We also believe that a community thrives on the service of its citizens. We seek to provide opportunities for service and honor those serving the community.

Five-year Accomplishments

- Developed and produced the first annual Sandy Balloon Festival - a great success.
- Developed and produced the first annual Sandy Heritage Festival - also a success.
- Created the Sandy Summit Award to recognize businesses that work with Sandy City.
- Developed a partnership with the Sandy Area Chamber of Commerce Jubilee to recognize Sandy businesses.
- Acquired our own float base to save costs on the Sandy 4th and participation in other cities parades.
- Designed a new launch site for the Balloon Festival - better community involvement and better launch site.
- Created better community involvement in the Heritage Festival.

Performance Measures & Analysis

Dan Jones Survey (conducted December 2008)

Sandy 4th has consistently rated above a 4 on a scale of 1-5 (a very high score) for nearly a decade.

Our Deck the Hall lighting ceremony is also scoring near a 4.

Two new events - the Balloon Festival and Heritage Festival have score of 3.73 and 3.72 respectively.

Significant Budget Issues

- 1 Interest Income** - Interest has been adjusted to reflect lower interest rates.

Miss Sandy Royalty on the City's Float - "Sandy City, Leading the Way Into the Future"

The Sandy Arts Guild, a 501(c)(3), is a wholly owned instrumentality of Sandy City. The Sandy Arts Guild is a non-profit, volunteer-driven organization with the primary mission to develop, present and engage all residents of the City of Sandy in special community and artistic experiences. The Sandy Arts Guild is committed to providing community outreach to enrich and develop awareness and appreciation of the significance of all art forms. We support emerging, as well as, established talent alike.

Five-year Accomplishments

- Provided new parking and improved trails around the Amphitheater to improve our patrons' experience.
- Implemented a new ticketing system to better manage accounts.
- Negotiated reduced fees with Smith'sTix to make our events even more affordable.
- Launched a new website "www.sandyarts.com" that contains information for both the Amphitheater and the Sandy Arts Guild.
- Installed new light towers to improve lighting capabilities and increase safety of technicians.
- Recruited new members to our board.
- Establishing a new fund raising campaign "Give Where You Live".
- Moved our Youth Theater production to the Spring to better serve the participants and their families.
- Established a new Design-Your-Season package to be more accommodating to our patrons.
- Contracted a new concessionaire to better serve our patrons.

We held focus groups on new season packages and quality of experience at the Amphitheater.

Some of the results are listed below:

Group participants cited the incredible value of a season package.

They enjoy the variety of acts - both national and local.

Overall, they're happy with the start times and the intimate experience at the Amphitheater.

The ability to share the event with friends in the beauty and comfort of the venue was highly praised.

Some expressed concern with the wait at the concession stand.

Significant Budget Issues

- 1 Equipment Rental** - This is a conservative estimate of future rentals revenue.
- 2 Interest Income** - Interest has been adjusted to reflect lower interest rates.
- 3 Season Tickets** - There is a 5% increase to keep the general fund subsidy at a minimum.
- 4 Box Office Tickets** - Projections fluctuate based on the timing of season shows.
- 5 Budget Reallocation** - The Performers / Artist Fees line item has been broken out into multiple line items including plays / musicals, special projects, and transportation.

New Fund Raising Campaign

The objectives of the Risk Management Division are (1) to assist city departments in the implementation of effective safety and other loss prevention programs to protect the employees and assets of the city from injury, damage, or loss; (2) to minimize loss or injury when incidents do occur; and (3) to appropriately finance or insure the cost of claims, injuries, and losses. The policies, practices, and procedures adopted to achieve these objectives focus on the following:

- Inspections, audits, and claims analysis to identify the risks involved in city operations and to estimate the potential severity of these risks.
- Training and other loss-prevention techniques to reduce or eliminate risks and to minimize the severity of injuries and losses.
- Prompt and professional investigation and handling of all claims to fairly evaluate potential liability and to settle claims promptly and fairly when appropriate. Communication with affected department personnel and directors is to be maintained to develop trust and understanding of decisions and actions taken.
- Review of city contracts to assure that proper risk transfer techniques have been utilized by departments to require contractors, vendors, and others to have adequate insurance, to insure the city, and to take other measures to protect the city from loss due to the actions of the contractor, subcontractors, and others.
- Careful and timely evaluation of financing alternatives, including options available through commercial insurance, self-insurance, and other options. Current policy decisions have resulted in increasing use of self-funding options to capitalize on the city's excellent loss experience in liability and fleet / motor vehicle coverage. Current trends indicate potential for savings by increasing reliance on the self-funding alternative.
- Adequate funding of all reserve funds to assure compliance with GASB standards and to protect the taxpayers from unfunded liability loss costs. Revenue sources include a dedicated property tax, a workers compensation payroll assessment, and general fund and enterprise fund contributions.
- General Liability - Maintain or improve 5-year rolling average in claims per employee and claim cost per employee.
- Workers Compensation - Maintain or improve 5-year rolling average in claims per employee and claim cost per employee.
- Reserve Funding - Maintain adequate funding of GL, WC, and property reserve funds to meet GASB standards and to make timely payment of all claims and claim expenses.

Five-year Accomplishments

General Liability - The number and cost of liability claims filed against the city is the lowest it has been in the last five years despite an increase in the cost of claims, number of employees, population base, and scope of services. This is attributed to improved safety programs, safety audits and training, and constant review of all claims and accidents by the department safety committees and the city's risk committee. The cost of claims rose significantly in FY 2006 as a result of several expensive claims and lawsuits.

Workers Compensation - The total incurred cost of the workers compensation claims filed by city employees rose dramatically in 2008 compared to the city's 5-year rolling average. This is because several of the injuries sustained by city employees were serious in nature and required surgery and/or extensive treatment. Despite this fact, the city's average claims cost is still below WCF's average claims cost. Over the past five years, the city has received the following awards in recognition of our success in achieving workplace safety:

- June 8, 2004 - the WCF "Charles A. Caine Award" for workplace safety in 2003 (one of 13 given)
- 2004 - the WCF "Excellence in Safety Award in Recognition of Excellence in Safeguarding Employees"
- June 1, 2006 - the WCF "Charles A. Caine Award" for workplace safety in 2005 (one of 16 given)
- June 2008 - the WCF "Charles A. Caine Award" for workplace safety in 2007 (one of 14 given)

Property - During the past five years, no property losses have been paid by the city's insurance carrier, and we have benefited by a substantial decrease in our property insurance rates. This was accomplished in spite of the current market trends which have often resulted in dramatic rate increases following the hurricanes and other natural disasters of the past few years.

*The number of workers compensation claims filed by city employees in 2008 is consistent with the city's five-year rolling average. Unfortunately, several of the workers compensation claims filed in 2008 involved serious injuries. Consequently, the total incurred cost of the claims in 2008 and the average cost per claim rose dramatically.

Significant Budget Issues

- 1 Safety Officer** - Due to a retirement, the Risk Management Officer position was reclassified as a Safety Officer. The overall result was a savings in the regular pay line item.
- 2 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been eliminated for FY 2010.

Sandy City was one of 14 organizations that was selected in 2008 from the 27,000 policyholders insured by the Workers Compensation Fund of Utah to receive the Charles A. Caine Safety Award. Sandy City has received more safety awards from the Fund than any other policy holder (both public and private) during the past decade.

Department Description

City Council

Sandy City's optional council-mayor form of government vests the government of the municipality in two separate, independent, and equal branches. The executive branch consists of a mayor and administrative departments and officers; and the legislative branch consists of a municipal council. In Sandy, there are seven (7) council members, four elected from separate geographical council districts, and three elected at-large by the entire city electorate. All are elected for four (4) year terms.

The City Council staffing function is performed by its council office, which consists of an Executive Director, an Office Manager, and an Executive Secretary.

Department Mission

The mission of the City Council is to set general and specific municipal policy, pass ordinances and resolutions, appropriate funds, review and monitor municipal administration, prescribe and adopt the city's budgets, set appropriate tax levies, establish water and refuse collection rates and other general tax and service rates, establish a zoning plan for the city, appoint special citizen advisory committees, and fulfill a variety of other duties prescribed by State statute.

The principal council office functions are:

- Liaison for Council with Mayor, CAO, department heads, city patrons/constituents, businesses, developers, citizen committees, and other cities' officials and staff.
- Respond to and research patron/constituent requests, concerns, and/or problems.
- Receive, review, and recommend items for Council study and agenda action.
- Review ordinances/resolutions to determine compliance with Council policies and directives.
- Research land use, zoning, planning, and development.
- Respond to Council chairperson and Council members' directives and research requests.
- Review and analyze activities and expenditures of departments for adherence to Council approved policy or for formulation of new/revised policy.

City Council Members

Scott L. Cowdell - District 1
 Dennis B. Tenney - District 2
 Bryant F. Anderson - District 3
 Chris McCandless - District 4
 Linda Martinez-Saville - Council at Large
 Steve Fairbanks - Council at Large
 Steve Smith - Council at Large

Department Organization

City Attorney

Department Description

The City Attorney is the chief legal officer of the city and is responsible for the proper administration of its legal affairs. He, or his designated assistants, have the following functions and duties:

- (1) Prosecute all charges of violation of municipal ordinances and regulations in the courts or administrative tribunals and prosecute and defend, or supervise the prosecution and defense, of all actions and appeals involving the city in all courts and before all boards, commissions, and administrative agencies.
- (2) Attend all Council meetings, unless specifically excused therefrom.
- (3) Furnish legal advice, counsel, and assistance to the Mayor, Council, and all other city officers, boards, commissions, and agencies in relation to their duties and the business of the city.
- (4) Control and direct all legal services performed by special counsel for the city, who may be retained from time to time to assist the City Attorney in providing legal services for the city; provided, however, that the City Attorney shall not be responsible in any way for counsel who (a) has not been specifically retained by the City Attorney; (b) is not paid from funds controlled by the City Attorney; and (c) is not under the actual direction of the City Attorney's office.
- (5) Assume direction of assistants and the employees of the office, subject to the limitations and requirements of the budget, appropriations, and applicable statute and ordinances.
- (6) Prepare or review all proposed ordinances and resolutions presented to the Mayor or City Council.
- (7) Approve the form of all contracts entered into by the municipality.
- (8) Prepare the necessary affidavits and verification on behalf of the city in any and all proceedings.

Department Mission

It is the objective of the City Attorney's office to serve Sandy City through the practice of law according to the highest professional standards.

- Decrease liability exposure through increase emphasis on early risk avoidance.
- Increase coordination between prosecution and evolving grant and community services.
- Maintained rate of staff growth below court expansion levels.
- Reduce costs through increased office efficiencies.

Five-year Accomplishments

- Maintained rate of staff growth below court expansion levels.
- Coordinated computerized information systems with courts and police.
- Reduced reliance on outside prosecution services.
- Retained a highly trained and efficient professional staff.
- Relocated the prosecution office to the justice center.
- Provided legal support for school district transition.

Performance Measures & Analysis

Expansion of justice court staff and programs increase demands on prosecution staff. Future court growth will require equivalent expansion of prosecution staff.

Significant Budget Issues

- 1 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been reduced for FY 2010.

ACCOUNTING

- Ensure compliance with the State Fiscal Procedures Act in order to receive an unqualified opinion from independent auditors.
- Earn the Government Finance Officers Association (GFOA) Excellence in Financial Reporting Award.
- Prepare and distribute a monthly budget report on or before the tenth day of each month.

ACCOUNTS PAYABLE

- Ensure all payments comply with current city policy.
- Train departments on accounts payable, purchasing, travel, and city credit card policy.
- Pay 95% of all invoices on time.

PAYROLL

- Process payroll and associated payroll liabilities in an accurate and timely manner.
- Submit accurate quarterly and annual payroll returns by state and federal due dates.

RECEPTION & PBX

- Answer main city lines within three rings.
- Greet public providing directions and information in a knowledgeable and courteous manner.

TREASURY

- Train departments on proper cash procedures.
- Ensure compliance with the State Money Management Act.
- Implement Automated Clearing House (ACH) payments for utility customers.

UTILITY BILLING

- Process all utility bills within three days after the meter read date.
- Collect 99.95% of the amount billed (less than 0.05% write-off rate).

Five-year Accomplishments

- Received 21 consecutive Excellence in Financial Reporting Awards from the GFOA.
- Implemented new utility billing software to enhance customer service, improve billing efficiencies, and meet reporting requirements.
- Implemented eCARE, which allows customers to make online payments and retrieve account information.
- Integrated the accounting for the Sandy Arts Guild into the city's financial system without additional accounts payable, cashing, or payroll personnel.
- Implemented Government Accounting Standards Board (GASB) Statement 44 which increased the requirements for the Comprehensive Annual Financial Report's (CAFR) statistical section.
- Improved cashing processes with the adoption of a new cashier policy which focuses on accountability and internal controls. Business license and ambulance payments are now processed in central cashing, and new cash handling procedures have been implemented at River Oaks Golf Course.
- Enabled electronic vendor payments for payroll liabilities and other items.
- Implemented the "budget billing" alternative for customers.
- Implemented paperless utility billing, electronic check payments, and autodraft services.

Governmental accounting continues to increase in complexity as the public requires more accountability of the use of public funds. Recently, the GASB issued Statement 44 which substantially increased the requirements for the statistical section of the CAFR. We anticipate ongoing training and changes to our current accounting processes in order to continue to comply with the intent of this and other reporting requirements.

The city has been fortunate to obtain money for completion of capital projects to provide services to our citizens through federal grants and low-interest bonding. The use of federal grants and creative financing tools like special improvement districts and sales tax and revenue bonds also requires additional accounting and compliance with federal and state laws.

An increasing percentage of our citizenry is sophisticated in the use of technology. We have many requests to provide more of our services in an electronic environment. We continue to dedicate time and resources to meet these requests where possible.

The measures that follow allow us to monitor our performance on the policies and objectives stated above and on our use of funds allocated to the Financial Services division.

BUDGET

Provide timely, relevant financial information to facilitate the City Administration and Council in making planning and policy decisions.

- Estimate revenues conservatively. Actual general fund revenue should exceed the budget by 1 to 3 percent.
- Provide needed information and advice during the budget process.
- Be fair when considering budget requests given city resources and priorities.

Communicate the final budget effectively to the public, media, city employees, auditors, bonding agencies, and other interested parties.

- Prepare a budget document that meets the criteria for the GFOA's Distinguished Budget Presentation Award.
- Make the final budget available within 15 working days after the start of the fiscal year in book form, on the city network, and on the internet.

Serve as a valuable resource to city departments by providing the financial information and feedback necessary for the lawful and efficient operation of city government.

- Publish budget documents and reports that are accurate.
- Review monthly budget reports showing amendments and comparisons of year-to-date budget vs. actual figures.

PURCHASING

Procure high-quality services and supplies in a timely manner at a competitive price.

- Process requisitions daily.
- Process purchase orders daily.
- Support departments by answering questions and providing training.
- Bring departments on line with the State Purchasing Card (VISA) System.

Promote an ethical environment in which vendors can fairly compete for city business.

- Monitor purchases for compliance with city ordinances and policies.
- Notify, when practical, all interested vendors of opportunities to bid.
 - o Maintain the database of interested vendors and the commodities or services that they provide.

Five-year Accomplishments

BUDGET

- Implemented a new budget book format intended to enhance accountability and the review process.
- Received four consecutive Distinguished Budget Presentation Awards from the Government Finance Officers Association (GFOA).
- Developed a comprehensive summary budget that serves as a "liftable budget" for interested parties.

PURCHASING

- Added processes to the financial system for check requests, travel, and credit cards that work similar to the purchase order process and trained department buyers.
- Implemented purchasing card program.
- Implemented online access to Invitations for Bid (IFB) and Requests for Proposal (RFP).

Performance Measures & Analysis

The past five budget documents have received the Distinguished Budget Presentation Award from the GFOA. In relation to revenue forecasts, the economic downturn began in April 2009. Thus, general fund revenues are lower than expected in FY 2008 and much lower than expected in FY 2009. To compensate for the reduced revenues, the City Council did a mid-year budget reduction by cutting operating and capital budgets. The economic downturn affected both sales tax and construction-related revenues. This mainly affected the General, Recreation, Storm Water, and Water funds.

Budget Services

Purchasing compliance continues to maintain as illustrated in the chart to the right. Department buyers have responded positively to maintaining issuing purchase orders according to policy. However, we need to work towards continuous improvement to meet the FY 2010 goal shown below.

Policies & Objectives

Fund 64 - Information Services

- The Information Services (IS) Division is an internal service fund and as such charges fees for each computer, telephone, or connection to the various data systems. The revenue collected from these fees is intended to cover both the full operating and long-term capital costs of the services provided. The objective is to meet the service needs of the city departments at the lowest possible fee.
- The services and equipment covered by the IS and telephone fees are detailed in a statement of service levels that are reviewed annually with the IS Steering Team which is made up of department representatives.
- The IS and telephone charges include a capital component that funds a capital plan based on the replacement values and useful lives of all capital equipment within the fund. The fee is adequate to replace all equipment at the assumed useful life while maintaining a positive fund balance through a ten-year period which is also the longest useful life of any piece of equipment. The IS fund balance fluctuates based on the timing of capital purchases. The assumptions used in the capital plan are adjusted annually and reviewed by the IS Steering Team.

Five-year Accomplishments

- Installed a Storage Area Network (SAN) to add scalability, maximize disk drive storage, and minimize data loss.
- Installed VMWare (Virtual Machine) to run on three servers reducing the number of physical servers by seven and allowing an increase in the number of servers without increasing hardware.
- Installed a (virtual) Terminal Server that allows the IS staff and authorized users to remotely access the network.
- Upgraded the utility billing software to the Harris "NorthStar" product running on a Windows server using an SQL database enabling online bill pay.
- Brought the web server and services in house.
- Changed the city's internet service provider to Comcast, reducing our monthly cost for internet service while increasing our bandwidth from a 1.4MB T-1 line to 8MB cable.
- Installed a wide area link to the public utilities operations building (150 East).
- Contracted for development tracking software.

Department Organization

Police

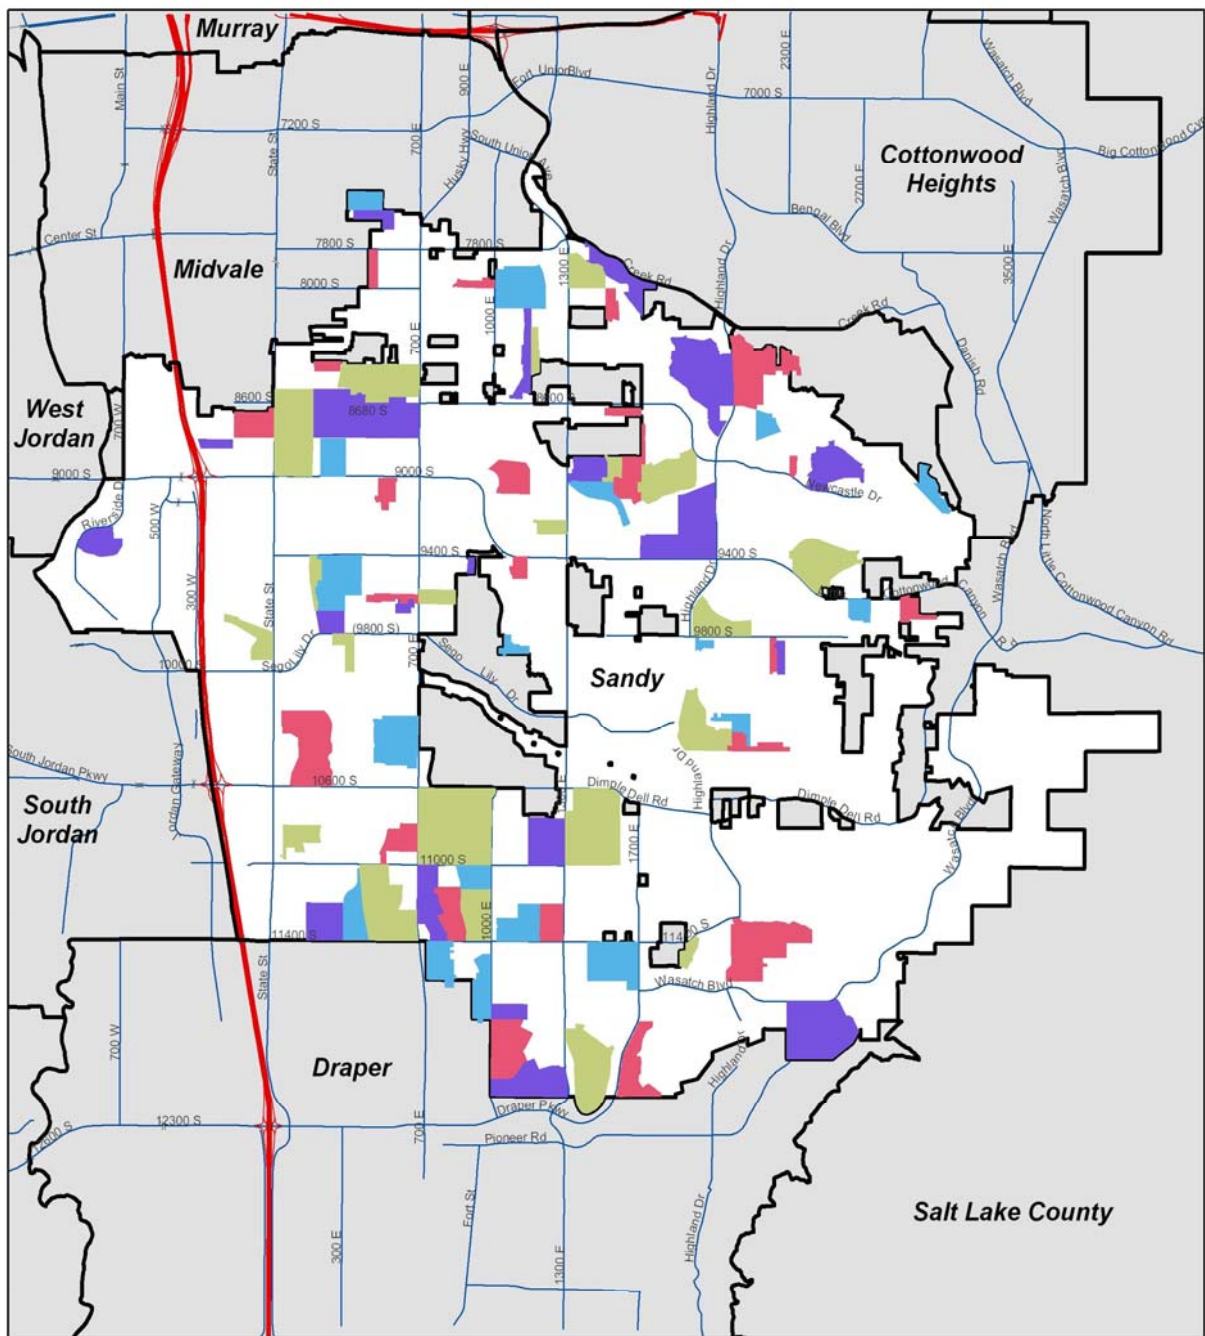

Department Description

The Police Department coordinates public safety efforts in the city. Through investigations, patrols, detective, and other efforts, the Police work to deter and prevent crime within the city. The Police Department consists of 118 sworn police officers, 8 animal services personnel, 30 full and part-time civilian support staff, approximately 50 part-time school crossing guards, and 4 grant/contract positions.

Department Mission

The mission of the Police Department is to provide the highest quality of police service to citizens and visitors of Sandy City: To ensure public peace by preventing crime; detecting and arresting criminal offenders; protecting life, property, and the rights of all persons; regulating and controlling traffic; maintaining police records and communication; providing animal services; and other responsibilities as indicated by statute or city ordinance.

Sandy City Neighborhood Watch Areas

Produced by Sandy City GIS
 Jake Petersen, GIS Technician

Maintain a high level of service to citizens of Sandy.

- Conduct ongoing evaluations of department employees and resources.
 - o Use various department and city reports and outside surveys to bring citizen concerns and issues to department administration and employees.
- Continue to monitor incident response times.
 - o Conduct an analysis of officer response times a minimum of twice each fiscal year.
- Increase the communication network within Sandy City; implement a camera mesh node system.
 - o Implement mobile camera system.

Maintain an atmosphere of safety for citizens, both for themselves and their property.

- Continue core programs such as community policing, traffic enforcement and crime prevention.
 - o Conduct annual analysis of specialty programs.
 - o Identify specific target crime areas and types of businesses for specialty programs.
- Increase community involvement for resolution of criminal acts through preventive and proactive programs in areas such as drug use, youth accountability, domestic violence, and teen dating violence.
 - o Continue to maintain the youth court program.
 - o Continue dissemination of the teen dating violence video.

Increase interoperability between the Police Department, Justice Court, and Legal Department.

- Sustain accurate and timely record keeping.
 - o Conduct monthly analysis of records entered, mistakes, and submission times.

Enhance and Continue Cooperation with other agencies.

- Maintain local autonomy and accountability
 - o Implement a Police Alliance agreement with other valley agencies
 - o Continue resource sharing such as SWAT, forensic response, communications, and equipment
 - o Make multi-jurisdictional application for federal grants which is advantageous to all concerned

Revenue

- Conduct review of department fees annually.
 - o Verify that current fees are in line with other agencies within the Salt Lake valley.
- Monitor Jordan School District's financial commitment. Through FY2005, Jordan School District gave the department \$13,500 annually to assist in supporting the school resource officer program. In FY2006, FY2007, and FY 2008 the amounts increased to \$33,000, \$100,000, and \$200,000 respectively. In FY 2008 the Jordan School District increased the amount of support to the police department to the cap of \$30,000 per school officer per year for a total of \$270,000.

Five-year Accomplishments**Grant Funding Acquisition**

- Obtained grant funding during FY 2005-FY 2009 (Total = 1,398,730).
 - o VOCA - \$39,853, 43,401, and \$41,581; BVP - \$7,400, \$10,875, \$4,475; JAG - \$26,989, 42,921, and \$13,431; COPS Technology (construction) - \$246,661; COPS Technology (command center) - \$148,084; BZPP - \$46,925; HLS - \$166,461, \$52,897, and 37,243; OJJDP (CARI) - \$469,533

Technology/Information Sharing

- Created a more comprehensive and increased operability system for records gathering and maintenance.
- Purchased and installed digital video cameras in vehicles
- Completed purchase and implementation of new technology for the Police Department, Justice Court, and Attorney's Office with COPS funding.
- Purchased new Spillman server

Meshnode Camera System

- Implemented beginning phase of meshnode camera system
 - o Installed operational nodes and camera in Lone Peak Park and 11 other locations.

Police Equipment

- Purchased robot for high-risk incidents.
- Purchased new motorcycles which include ABS for officer safety.
- Purchased new surveillance vehicle.
- Purchased and equipped new crime scene vehicles using grant funding.

Five-year Accomplishments (cont.)

Police

Police Services

- Implemented department-wide core value philosophy.
- Reallocated personnel to allow more officers to be placed "on the street" in a patrol or support capacity.
- Redistricted officer beats to allow for smaller patrol areas per officer.

Community Involvement Programs

- Implemented Youth Court program.
- Implemented initial Children at Risk Intervention (CARI) program.
- Implemented a Volunteers in Police Service (VIPS) program.

Evidence Gathering and Processing

- Designed, purchased, and equipped state-of-the-art fixed and mobile forensic/crime scene labs using grant funding.

Building/Security Improvements

- Remodeled and increased security by adding a partition with a locked electronic access door.
- Expanded evidence storage and equipment.
- Constructed additional office space.
- Moved various units/employees to Sandy Justice Center building.
- Constructed a large equipment/evidence storage facility through outside funding sources.

Performance Measures & Analysis

Residents of Sandy City continue to say safety/no fear of crime/secure environment is their number one definition of quality of life. The residents also continued to rate police-crime prevention, police-response times, and police-traffic enforcement as "satisfied" in their top public safety issues.

Significant Budget Issues

Police

- 1 VECC Increase** - This ongoing increase is for VECC contract services.
- 2 Staffing Change** - These are new Appointed Category 3 positions funded by a federal grant.
- 3 Volunteer Coordinator/Victim Advocate** - The Appointed Category 3 Victim Advocate has been replaced with an Appointed Category 3 Volunteer Coordinator/Victim Advocate.
- 4 Auxiliary Officers** - Due to budget cuts, the Police Department will not be funding three Auxiliary Officer positions for FY 2010 but they will remain in the staffing plan.
- 5 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been reduced for FY 2010.

Department Organization

Fire

Department Description

Sandy Fire Department serves a population of over 115,000 citizens living in 26 square miles along the Wasatch Front. Our nearly 80 career members and 30 volunteers presently staff five fire stations and administrative offices with an array of response apparatus, an assortment of specialized equipment, and staff administrative positions. Sandy Fire responds to about 6,000 emergencies annually, of which nearly 75% are medical emergencies.

Department Mission

The Fire Department's mission is three-fold:

- To prevent emergencies through public education and positive code enforcement.
- To mitigate emergencies and disasters through proper planning and preparedness.
- To respond promptly and efficiently to all emergencies involving fire, medical, or environmental concerns.

- Prevent emergencies through public education and positive code enforcement.
- Mitigate emergencies and disasters through proper planning and preparedness.
- Respond promptly and efficiently to all emergencies involving fire, medical, or environmental concerns.

Objectives

- Develop Metro Fire for further cooperation and funding sources.
- Certify all Paramedics with the National Registry.
- Add additional personnel into our volunteer system to maintain a total of 30.
- Replace one of the front line engines.
- Restructure organization to add and keep necessary firefighter positions.
- Continue to improve and be involved with the Metro Incident Management Team (IMT).
- Offer blood pressure and blood sugar checks at all fire stations, senior citizen center and city hall.
- Identify and implement benefits from the findings of our ISO study.
- Through donations and reduced costs, provide free smoke and CO detectors to Sandy residents as well as installation when asked.
- Set up an ad-hoc committee to implement National Fire Protection Agency (NFPA) 1583 (Standard on Health-Related Fitness Program for Firefighters).
- Provide training to city employees in use of Automated External Defibrillator (AED) and where located.
- Replace the ambulance at Station #32.

Five-year Accomplishments

- Delivered over 1,000 flu shots to Sandy residents and Sandy City employees each year.
- All firefighter turnouts, jackets and vests are in compliance with NFPA standard 1971.
- All firefighters trained in National Incident Management System.
- Installed new breathing air compressor at Station 31 to keep up with new SCBA needs.
- Added 12-lead monitors to all stations for improved cardiac care.
- Increased ambulance collections by \$447,000 from FY 2004 to FY 2008.
- Added ambulance service specific to stroke and cardiac patients improving their chances for a better life.
- Increased county fire contract by \$240,000 from FY 2003 to FY 2007.
- Provided in-house Officer I candidate class to all firefighters at no cost to employees.
- Added a volunteer program with 30 firefighters.
- Organized a metro fire group with surrounding municipal fire departments.
- Ordered and took delivery of a new ambulance.
- Certified all firefighters with Wild Land Red Card.
- Installed new generators at Fire Stations #33 and #34.
- Rebuilt Fire Station #32.
- Certified all Fire Engineers in advanced pumping and aerial operations.
- Increased business inspections by 30%.
- Delivered 1,000 smoke and carbon monoxide detectors to Sandy citizens in conjunction with Healthy Sandy.
- Improved heavy rescue and hazardous materials response capabilities.
- Reduce exposure to occupational hazards by adding Midvale's (Metro) hazmat unit to automatic aid within Sandy.
- Trained four new paramedics.

Hazard House prevention program at Alta View Hospital.

12-lead monitors making a difference.

The Fire Department's core services include the following:

- All five fire stations have paramedic service.
- 82% of all fire and medical service delivery is within five minutes.
- All fire department members are certified at a minimum State of Utah Firefighter II level.
- A minimum of 42 paramedics are maintained to support paramedic service.
- Maintain active volunteer program.

Citizen's Survey (Fiscal Year)	2006	2007	2008	2009
Fire Services	N/A	4.40	4.48	4.50
Emergency Medical Services (1-5 scale, 5=very satisfied)	N/A	4.38	4.42	4.48

Significant Budget Issues

- 1 Out of Class Pay** - This is a one-time line item increase during an organizational transition.
- 2 Fleet Purchases** - This funding will go toward a new ambulance and future fire apparatus.
- 3 Staffing Changes** - As part of a reorganization of the department administration, an Assistant Fire Chief position has been reclassified as a Fire Commissioner position and a Battalion Chief position has been reclassified as a Deputy Fire Chief position.
- 4 Staffing Changes** - One Captain position has been eliminated and one Firefighter/Paramedic position has been added. The other changes represent fluctuation due to attrition, hiring, and promotion.
- 5 Accounting Clerk (ambulance billing)** - This position was previously budgeted in Fire but has been moved to Finance.

Sandy Fire Department is a member of the Salt Lake Valley Metro Fire Agency. The group has organized a number of work groups to focus on special functions and needs which include the following:

- Incident Management Team (IMT)
- Arson Investigations
- Metro VECC Users
- Public Relations, Education, and Information
- Purchasing
- Special Operations - including Hazardous Materials Response, Technical Rescue (Rope Rescue, Confined Space Rescue, Trench Rescue, Structural Collapse Rescue, Vehicle Rescue, Water Rescue, Cave Rescue, and Wilderness Rescue), and Bomb Response

Department Organization

Public Works

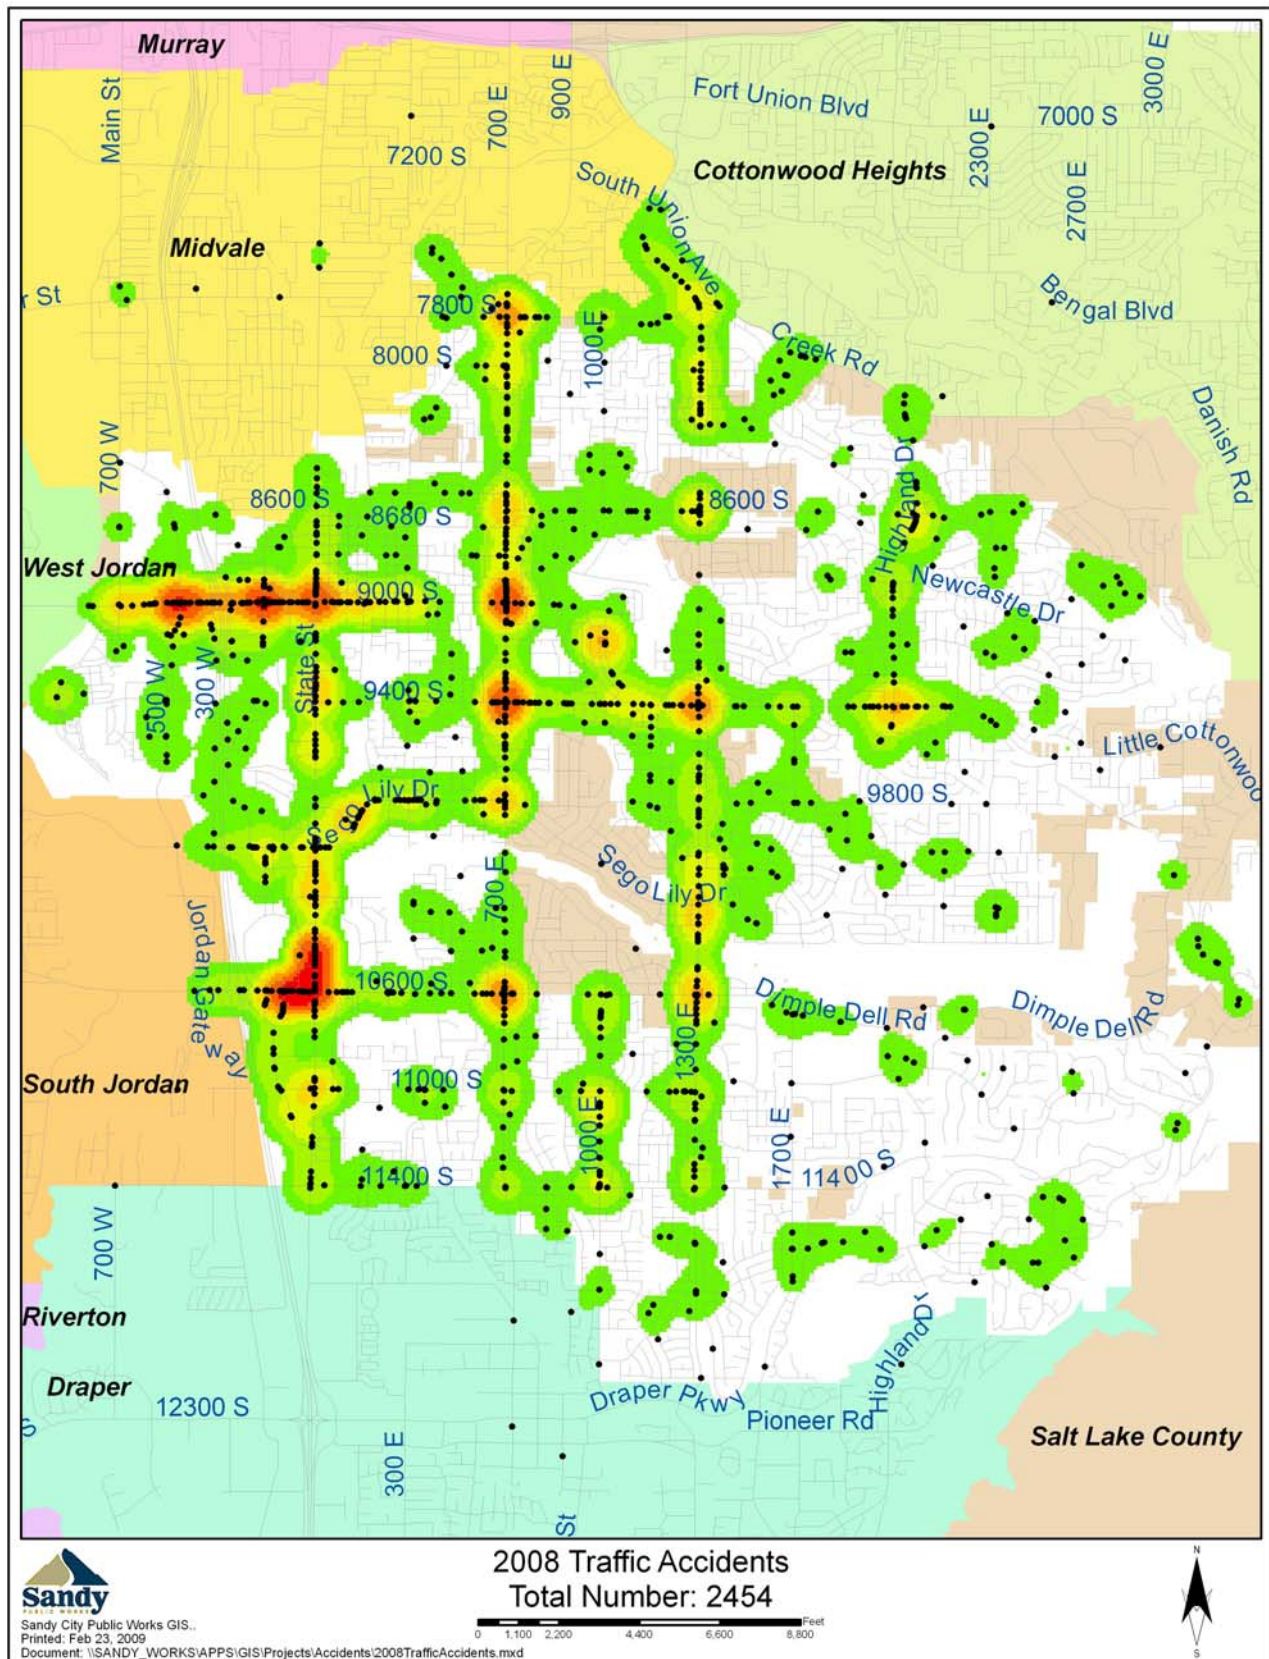

Department Description

The Public Works Department provides for the construction and maintenance of the physical infrastructure, waste collection, and fleet services. Our goal is to achieve optimum costs for construction, operations, and maintenance. The department is composed of experienced, intelligent, and dedicated professionals who continuously work to improve service to the community. These professionals provide the imaginative planning, conceptual design, organizational leadership, and financial acumen that make the Public Works Department an integral part of the Sandy City Administration.

Department Mission

Working together, we provide exceptional services to support our community in the areas of infrastructure repair and maintenance, engineering, traffic, and fleet management. We listen ... and we respond. *We value:*

- Doing the job right the first time.
- Treating people with dignity and respect.

“Display showing the concentration of traffic accidents throughout the city”

Maintain the city roadway system in the best possible condition with the available dollars holding at least 80% of the street system including the road surface, sidewalks, curb and gutter, and street signs at a good or better condition level. No more than 10% should be substandard.

- Plan, execute, and manage annual street preservation and maintenance programs, including crack seal, slurry seal, and asphalt overlay projects.
 - o Maximize the use of maintenance dollars to obtain a balance between various asphalt surface treatments.
 - o Execute a seven-year slurry seal cycle for residential streets.
- Construct, maintain, and upgrade the city-wide roadway system.
 - o Update the transportation masterplan.
- Replace, repair, and upgrade hazardous concrete throughout the city.
 - o Perform hazardous concrete grinding when replacement is not required.
- Perform ongoing city-wide infrastructure inventory.
 - o Analyze one-half of the city's infrastructure annually.
- Complete a condition assessment for all city street signs.
 - o Implement a program to replace signs with a substandard condition code.
- Trim trees in the right-of-way which are hazardous to pedestrians and vehicles.
 - o Create a Hazardous Tree Removal Program to assist residents.
- Maintain a database of all city infrastructure.
 - o Conduct database validation to ensure accuracy and standardization.

Provide responsive waste collection and recycling services for our citizens.

- Monitor performance of waste contractor to ensure timely service levels are maintained.
- Perform spring and fall curbside bulk waste collection.
 - o Chip green waste for recycling and overall load reduction.
- Coordinate Christmas tree recycling and fall leaf collection.
- Schedule dumpster services as requested by residents.

Manage all city capital projects.

- Provide engineering services including consulting, design, project management, survey, and inspection.
- Provide engineering review for all new developments.
- Plan for the future Public Works facility upgrade, including perimeter walls.

Provide fleet management services which allow city departments to complete their assignments.

- Complete routine maintenance and repairs with the goal of minimizing equipment downtime.
 - o Meet regularly with department fleet representatives to discuss problems.
- Maximize fleet replacement funds and increase the fleet fuel efficiency by closely monitoring vehicle and equipment specifications.
 - o Meet annually with department representatives to develop replacement plans.
 - o Generally replace vehicles when they have 7 years and 70,000 miles of service.
 - o Purchase hybrid/alternative fuel vehicles as practical.
 - o Reduce sizes and types of vehicles purchased.

Install ADA (Americans with Disabilities Act) compliant sidewalk ramps throughout the city.

- Follow ADA Transition Plan with a goal of being fully compliant by 2019.

Revenue Policy

- Meet current costs for the Waste Collection Fund.
 - o Adjust fee schedule to account for increased operational and landfill disposal costs.
- Maintain road cut fees to cover costs.
- Maintain sign replacement fees to cover actual costs.

Road System

- Established a department GIS program to manage and inventory all infrastructure assets.
- Created the Streets Division Response Team to handle emergent problems on city streets.
- Updated the following databases to track maintenance costs: Stantec Road Matrix, Cartegraph Work Management System, and Microsoft Access based Concrete Management Program.
- Implemented a street sign inventory program and integrated the database with the department's work management system.
- Developed a crosswalk database to monitor condition codes and school zone safe walking routes.
- Completed the following projects:
 - o 11400 South/State Street intersection
 - o 700 East widening (Phase I) from 9450 South to Carnation including Dimple Dell Bridge
 - o Highland Drive Corridor property acquisition
 - o State Street reconstruction from 8900 South to 10870 South
 - o 9400 South - State Street to Monroe
 - o Automall Drive Extension
- Received federal and local funding for the following projects:
 - o 1300 East Improvements from Creek Road to Draper
 - o Centennial Parkway Single Point Intersection
 - o 9000 South/700 East Intersection Improvements
 - o 9000 South/450 West Intersection Improvements
 - o 700 East widening (Phase II) from Carnation Dr to 11400 South
 - o State Street Signal at Automall Drive

Administrative Efficiencies

- Assumed project management and administration for all city capital projects.
- Managed additional programs with no increase in department personnel.
- Enhanced communication capabilities by switching cellular service to SPRINT. This service provides a radio feature which augments our current 800 MHz radios.
- Installed GPS modems in all 10-wheel snow plows and street sweepers to track and route these vehicles, and to ensure all areas of the city are serviced.
- Reclassified Fleet Operations Manager position to Service Writer and a Mechanic position as a Senior Mechanic to improve communications and productivity.
- Established "Green Team" to analyze and implement energy conservation goals.
- Implemented city-wide Vehicle Idling policy.

Public Works Facility

- Created a master development plan for the site at 700 West.
- Built a vehicle wash facility which is in compliance with the city's NPDES (National Pollutant Discharge Elimination System) permit.
- Replaced the north perimeter fence with a precast concrete wall.
- Designed and managed construction of the Police Department and Community Arts Storage Building.
- Installed an automated gate system for enhanced security.
- Implemented quarterly NPDES storm water inspection program.

Performance Measures & Analysis

Public Works

The Public Works Department uses the following workload indicators to measure the effectiveness of its operations from year to year. In addition, Sandy City adopted the following maintenance policy as required by Statement 34 of the Governmental Accounting Standards Board (GASB): "It is Sandy City's policy to maintain at least 80 percent of its street system at a good or better condition level. No more than 10 percent should be substandard. Condition assessments are determined every year."

Significant Budget Issues

- 1 Seasonal Pay** - This amount restores seasonal pay to the FY 2009 original base budget for three new parks: Amphitheater, Urban Fishery, and Union.
- 2 One-Time Projects** - These projects include tennis court resurfacing, tot-lot safety, picnic tables, benches, safety fence, amphitheater replacement seats, and security cameras.
- 3 Land Lease** - This amount covers leasing of land from Rocky Mountain Power for Union Park.
- 4 DWR Donation** - This line includes a \$3,200 annual donation to the Division of Wildlife Resources for stocking fish at the Urban Fishery.

The landscape maintenance budget has been used to account for money received from special improvement districts to landscape city streets that had back facing lots. The districts have expired and the effort now is to collect any outstanding obligations and finish using the proceeds in the project areas. The ongoing maintenance becomes the responsibility of the Parks & Cemetery Division.

* Projected based on actuals from July 1, 2008 through March 15, 2009.

Significant Budget Issues

- 1 Interest Income** - This revenue was reduced based on the projection of lower interest rates.
- 2 Recreation Programs** - With modest growth in some programs, combined with modest fee increases, and the addition of some new programs, the revenue collected will also increase. As participation increases, the cost of providing uniforms, trophies, pictures, and officials also naturally increases.
- 3 Recreation Fees** - Some fees are recommended to increase based on rising costs for facilities, wages, utilities, and supplies. Other fees are recommended to increase based on a market survey or if the program is new. The Jr. Jazz and Indoor Soccer fee increase is to cover the School District's facility usage fee.

Performance Measures & Analysis

Perform. Measures & Analysis (cont.) Fund 242 - Alta Canyon Sports Center

Significant Budget Issues

- 1 Public Notices** - This increase is mainly due to the transition to electronic voting for special district elections.
- 2 Pool Chemicals** - Chemical costs increased in the summer of 2008 and have not decreased.
- 3 Contract Services** - These contracts include certification costs for lifeguards, swim instructors and diving coaches, as well as karate instructor costs.
- 4 Equipment / Building Improvements** - This will be used to replace Center doors, pool furniture, snack bar equipment, computers, pool vacuum system, Center pumps and electrical motors.

Green #7

Significant Budget Issues

Fund 560 - Golf Course

- 1 Green Fees** - Effective January 1, 2010, the weekday fees will be raised to \$13.50 for a 9-hole round, and \$26 for an 18-hole round.
- 2 Debt Service** - On July 1, 2002, the city issued \$4,550,000 in Sales Tax Revenue Bonds for the purpose of acquiring, constructing, and equipping the River Oaks Golf Course. Payments continue at approximately the current level through September 2023. The debt service on the golf course will be subsidized by the RDA Civic Center South which will pay \$150,000. The total debt related cost for FY 2010 is \$353,895.
- 3 Equipment Purchases** - This is for replacement of the spray rig applicator, oil water separator maintenance, and golf maintenance small equipment replacement.
- 4 Fleet Cart Purchases** - This is the second of five annual payments to replace 80 golf carts and 7 maint. carts.
- 5 RMP Transmission Pole Project** - This project is scheduled to take place November 2009 through February 2010. Strict management and attention to detail will be given to the power pole project. Coordination, management, and scheduling will be key in maintaining revenue and customers at River Oaks.

Significant Budget Issues

- 1 IS Charges** - This increase reflects costs associated with the new development tracking software. These costs were split between the Community Development Admin, Planning, and Building & Safety departments.
- 2 Building/Housing Inspector** - The Appointed Category 3 Building/Housing Inspector position has been eliminated from the staffing plan due to budget cuts.

Overview

Each year Sandy City receives Community Development Block Grant or CDBG funds from the U.S. Department of Housing and Urban Development. The purpose of the CDBG program is to help in developing viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income.

To be eligible to receive CDBG funds, the project must meet one of three national objectives:

1. Low and Moderate Income Benefit. This means that a majority of the citizens benefiting from the proposed project must fall within the low and moderate income category, as defined by the Dept. of Housing and Urban Development. The city has available a Census Bureau map identifying areas that meet the low-moderate income criteria.

2. Aid in the Prevention or Elimination of Slums or Blight. The proposed project area must meet criteria that would cause it to be designated a slum or blighted area. The criteria for this determination are available upon request.

3. Urgent Health and Welfare Need. This objective is met only by situations with a demonstrable immediate threat to health and welfare that is catastrophic in nature.

There is a broad range of activities or projects eligible for funding under the CDBG program to meet any one of the national objectives. Eligible projects include public improvements, public services, and housing-related projects for low/moderate income persons.

Administration

- Maintain top performance of program under HUD guidelines.
- Observe all HUD regulations under CFR 24.
- Maintain administration funding commensurate with annual entitlement grant.
- Continue to work with CDBG Committee to improve knowledge and review capabilities.
- Increase public awareness of the CDBG Program.

Low and Moderate Income Benefit

- Maintain above 70% of funding to benefit those of low or moderate income.

Public Improvements

- Provide infrastructure funding to assist with affordable housing needs.

Public Services

- Maintain service levels in spite of declining funding levels.
- Evaluate programs to provide the best dollar/person benefit.

Historic Sandy

- Implement Historic Sandy master plan.
- Create Historic Sandy elderly housing rehabilitation projects.
- Provide infrastructure funding to assist with affordable housing needs.

Administration

- CDBG Program recognized to be in the top 10 in the nation.
- Completed the 2005 Consolidated Plan.
- Maintained administration under the mandatory 20% cap.
- Maintained administration levels with no increase out of entitlement.
- Operated the CDBG program within federal guidelines with no findings.

Low and Moderate Income Benefit

- Purchased three housing units for use as transitional housing for the homeless.
- Created Housing Rehabilitation and Downpayment Assistance programs.
- Funded projects that assist low and moderate income households.

Prevention of Slum and Blight

- Funded various city and county-wide programs to remove blighted conditions.

Public Improvements

- Completed the following projects - 300 East reconstruction, Historic Sandy Police Sub-station rehabilitation, 150 East street improvements, Neighborhood Watch signs, Senior Center ADA improvements, 8680 South street improvements, Center Street Park development, 8760 South Street, and Sandy Station Park improvements.
- Completed sidewalk and pedestrian safety improvements.

Public Services

- Maintained public services under the mandatory 15% cap.
- Diversified funding to subrecipients to provide greater service levels.

Performance Measures & Analysis

Administration

- Operated under the mandatory 20% cap.
- Maintained <1.5X expenditure vs. entitlement grant balances.
- Maintained administration budget percentage vs. grant amount.
- Refinanced Section 108 Loan (2008)

Low and Moderate Income Benefit

- Benefited 16,012 low and moderate income persons from CDBG funding (2007).
- 100% of funding used for low/moderate income people

Public Improvements

- Increased funding for improvements for Historic Sandy.

Public Services - Housing Projects

- Funded public services under the mandatory 15% cap.
- Assisted 5,700+ homeless persons.
- Funded 13 non-profit public service programs.
- Completed 89 housing units rehabilitations and emergency home repairs.

Department Organization

Public Utilities

Department Description

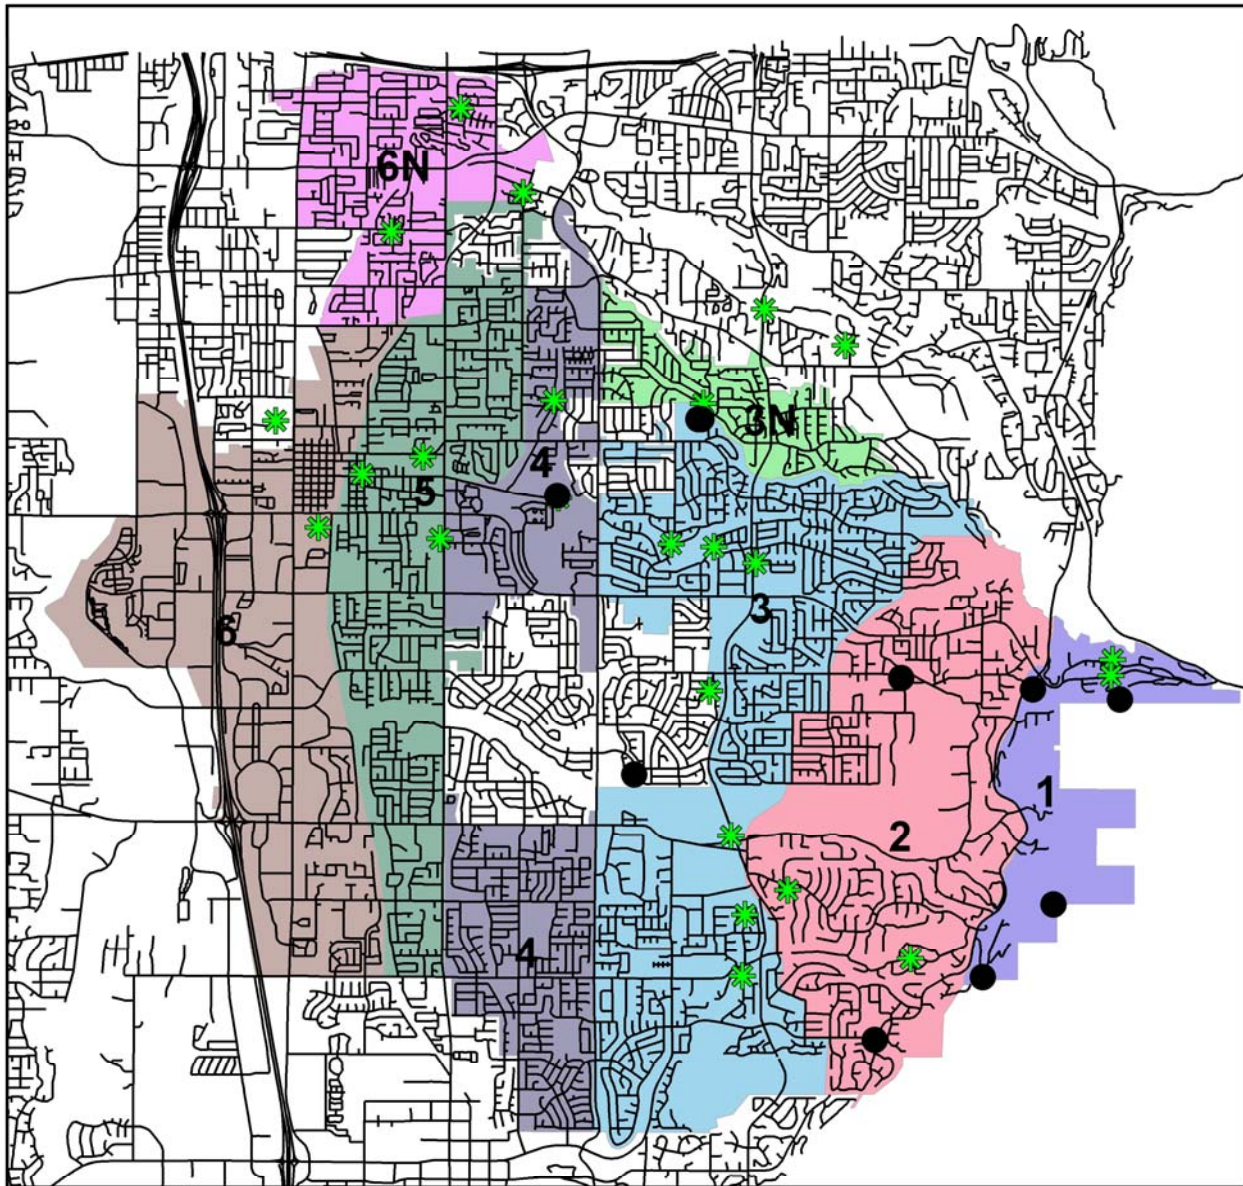

The Public Utilities Department is responsible for providing the following services to the residents and businesses of the city: drinking water, storm water drainage, and street lighting.

Department Mission

"Proudly working together to provide quality utility services to our customers."

Values:

- Integrity - We promote integrity by being honest, being accurate in the work we perform, and being knowledgeable in our area of responsibility.
- Responsiveness - We are prepared to respond in a timely, courteous, and professional manner.
- Effectiveness - We are committed to providing dependable, cost effective services that meet the need of our customers through the use of modern technology and infrastructure, now and in the future.
- Safety - We are committed to safety by protecting the lives and resources of our employees and customers. We will provide training, tools, and equipment to promote safety as a way of life.
- Team Work - We are a team with individual strengths. We are committed to listen, respect, trust, value, and support each other in achieving common goals. We strive to enhance employee self worth and job skills.

Pressure Zones

April 25, 2008

Secure an adequate water supply to meet the long-term needs of our customers.

- Continue to purchase additional water shares as they become available.
 - o Replace the Flat Iron Well.
- Prepare new Master Plan to set new production and capacity needs for the future.
 - o Expand the Hand Tank with an additional tank by 2010.
- Maintain water conservation at 80% of the 2000 usage.
 - o Participate in the Utah Conservation Forum.
 - o Participate with Metro on the District's Conservation Committee.
 - o Educate youth in the schools with our water cycle program.

Provide high quality water at the right pressure to meet the needs of our customers.

- Comply with the requirements of the Safe Water Drinking Act.
- Provide adequate flow for fire suppression at levels recommended by the Fire Department.
 - o Increase the flow near Brookwood Elementary.
- Deliver water at a minimum pressure of 45 psi.

Operate the city water system in an efficient manner.

- Minimize water main breaks through system improvements.
- Prepare for emergencies and provide security against outside threats.
 - o Implement security improvements, i.e. - wireless mesh node system, improved facility lighting, etc.
- Protect the safety and well-being of employees.

Revenue Policy

- Meet all current and long-term costs of the water enterprise fund.
- Allocate costs equitably among customers and provide generational fairness.
- Support other water policies such as conservation and watershed protection.

Five-year Accomplishments**Water Supply**

- Exchanged Union Jordan System for Little Cottonwood Creek Water Rights.
- Replaced Granite Water Tank.
- Finalized auxiliary power sources for water facilities.
- Participated in the development of the Point of the Mountain Treatment Plant and Aqueduct.
- Participated in the development of the Golf Course Well.
- Acquired an annual average of 2,700 acre feet of water from the Ontario Drain Tunnel.
- Connected zone system to POMA at Zone 5 and Wasatch Blvd.
- Upgraded and converted several wells to line-shaft motors: Alta Canyon, Cemetery, Wildflower, Bicentennial, Richard's Ditch, Copperview, and Canyon Village Wells.
- Developed 880 acre feet of water available in Bell Canyon.

Water Conservation

- Participated annually in the Water Week with Salt Lake County Water Quality.
- Modified the Sego Lily Gardens to better demonstrate efficient landscaping techniques, and added parking.
- Conserved an average of 5,966 acre feet of water (19%) per year since 2000.

Water Quality

- Implemented inline monitoring throughout the system.
- Designed and implemented an adequate fluoridation system to meet county ordinance.
- Implemented watershed practices and installed educational signs in the Bell Canyon drainage area.

Administrative and System Efficiencies

- Mapped and surveyed the city's water system.
- Implemented department safety committee meetings.

Significant Budget Issues

Water

- 1 Union Jordan Exchange** - Midvale has taken ownership of the Union Jordan water system as of June 1st 2009. As a result, Sandy has made a staff reduction, several budget cuts, and will wholesale water to Midvale City until 2019.
- 2 Interest Income** - This has been adjusted to reflect lower interest rates.
- 3 On Call / Call Back Pay** - Employees called back to work after hours will be paid \$15 call back pay.
- 4 Operations Building** - The Department purchased an existing building on 150 East and is retrofitting it for use.
- 5 Irrigation Assessments** - Increase will be for the repayment of a loan from the State of Utah to complete the pressure irrigation system.
- 6 Grant Acquisition** - An additional contract is being added for representation at the state level.
- 7 Risk Management** - These charges have decreased due to fewer water line breaks resulting in less property damage.
- 8 Equipment** - This is for the purchase of a back-viewing camera for a remote controlled pipe inspection camera and a snow blower attachment for a skid steer tractor.
- 9 Warehouse Supervisor** - One Water Operator position is being eliminated and the FTE will be used to create a Warehouse Supervisor position.
- 10 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been reduced for FY 2010.
- 11 Water Rate Increase** - This is the tenth and final year in a ten-year schedule of 6.5% annual increases.
- 12 Hydrant Fees** - These fees were increased to cover the personnel costs associated with rental and maintenance.
- 13 Growth Reduction** - There is a significant decrease in projection due to the slowing in residential building.

Ensure adequate and safe drainage of storm water.

- Improve trunk lines and outfalls along major corridors.
 - o Implement 2008 Storm Water Master Plan and rate study.
 - o Design and begin installation of SCADA System for headgates at turnouts.
 - o Design and begin installation of Highland Drive Drain Project (Willow Pond to Little Cottonwood Creek).
 - o Continue to make improvements to neighborhood storm drain facilities.

Promote environmentally friendly storm drain habits and practices.

- Comply with the requirements of National Pollutant Discharge Elimination System (NPDES).
 - o Require and install "snout" type pollutant catch basins where necessary.
 - o Provide education and awareness campaigns in schools and in the community.

Operate the City Storm Drain System in an efficient manner.

- Minimize instances of flooding through system improvements and preventative maintenance.
 - o Maintain irrigation ditches clean and operational.
 - o Utilize Vactor trucks and camera trailer to inventory and clean storm drains throughout the city.
- Protect the safety and well being of employees.

Revenue Policy

- Meet all current and long-term costs of the storm water enterprise fund.
- Allocate costs equitably among customers.

Five-year Accomplishments

- Completed the two Storm Drain Projects on Morning View Dr. and Alta Canyon Dr.
- Piped a portion of Sandy Irrigation Ditch below 1300 East.
- Completed the Storm Water Master Plan and Rate Study.
- Completed system upgrades in the Cedar Terrace/High Point area to prevent future flooding.
- Relandscaped Player, Sunburn, and 10th East Ponds.
- Designed and installed the Gravel Pit Detention Basin.
- Installed a new storm drain line at 11400 South and State St.
- Completed phases of 8000 South storm drain project.
- Passed and implemented an updated Storm Water Ordinance.
- Hired a Storm Water Inspector for National Pollutant Discharge Elimination system enforcement.
- Began video inventory of pipe-condition inspections.

Significant Budget Issues

- 1 Budget Reductions** - Due to the economic slow-down some ongoing and capital items have been reduced.
- 2 On Call / Call Back Pay** - Employees called back to work after hours will be paid \$15 call back pay.
- 3 Postage** - Due to the reduction in utility accounts (Union Jordan System), the savings in postage will be shared between both funds.
- 4 New Operations Building** - Some increases are necessary in anticipation of higher costs due to the size of the new building.
- 5 Risk Management** - This increase is due to the costs associated with eliminating two down-sloping driveways of houses that were flooded.
- 6 Equipment** - This is for a reverse-angle camera on the existing remote control pipe inspection unit.

Significant Budget Issues (cont.)

- 7 Crew Leader** - A Special Equipment Operator position was converted into a Crew Leader position partway through FY 2009 to oversee the additional seasonal help hired due to the loss of the prison crew.
- 8 Seasonal FTE's** - Due to budget cuts, seasonal FTE's have been reduced for FY 2010.
- 9 Interest Income** - Due to falling interest rates, and a decrease in fund balance, interest income has been projected at a lower amount.
- 10 Flood Basin Fees** - This reduction is due to the slow-down in the construction industry.

Sandy Canal Siphon

Improve visibility and increase safety.

- Install streetlights in neighborhoods annexed in the future.
- Design and install streetlights along 1300 East as part of the total improvement project.

Enhance the preventative maintenance program.

- Respond to repair work orders within 48 hours.

Five-year Accomplishments

- Completed the Historic Sandy Street Lighting Project.
- Paid for the installation of streetlights at 700 East and State Street through contracts with UDOT.
- Designed and installed the Wasatch Blvd. street light project.
- Designed and installed the Sego Lily (State Street to the Freeway) and Sandy Parkway street light projects.

Performance Measures & Analysis

Measure (Calendar Year)	2006	2007	2008
Number of Street Lights Repaired	1,860	1,968	1,891
Number of Street Lights Installed	49	91	306

Significant Budget Issues

- 1 Retail Sales** - The last of the \$5-per-month payments have been collected. New retail sales are not anticipated.
- 2 Budget Cuts** - Due to the economic slow-down, we have had to cut maintenance contracts.

Department Organization

Economic Development

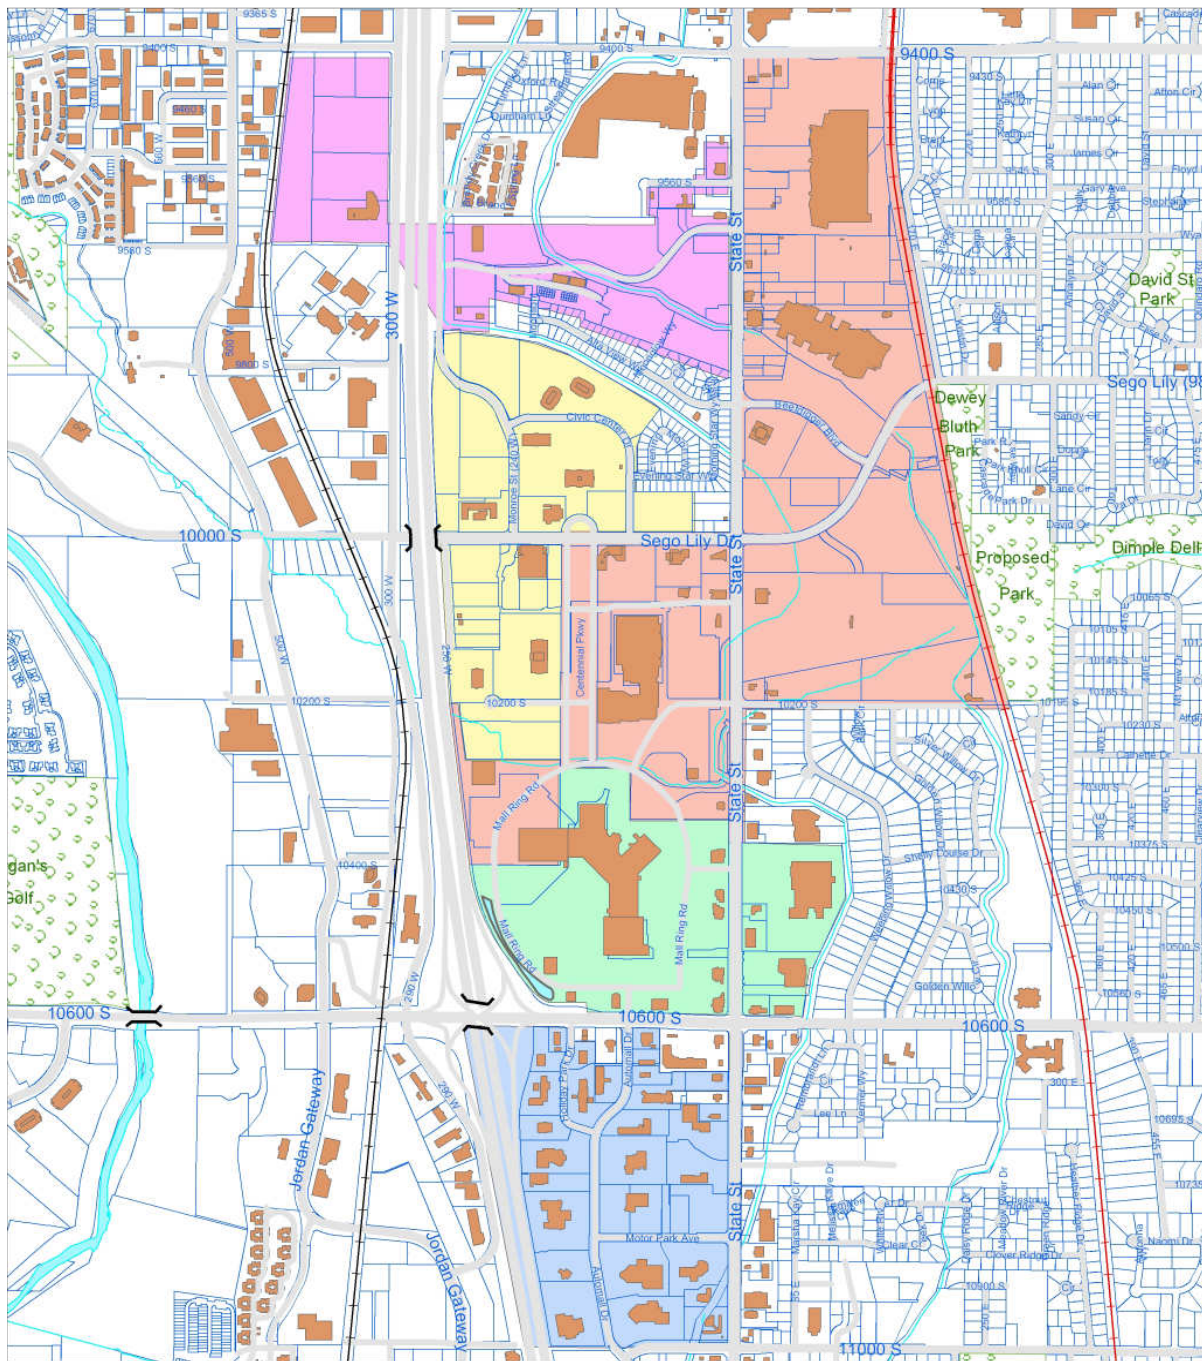

Department Description

The Economic Development/Redevelopment Department works in cooperation with other city departments, businesses, tourism groups, business associations, contractors, real estate professionals and development groups to promote new capital investment and quality job creation in the city. By attracting new businesses to the community there is a resulting benefit of a diversified tax base to help reduce the tax burden on the residential property owner. This expansion also enables the city to maintain quality services and a good quality of life for the residents.

Department Mission

It is the mission of the Economic Development/Redevelopment Agency of Sandy City to facilitate the development of an exceptional regional, commercial center that will provide quality employment, quality office space, and a quality retail shopping and entertainment experience for the residents of Sandy and the surrounding market area. Development projects in the designated Redevelopment and Economic Development Project Areas will reflect high architectural standards and will bring value to the overall community. The Economic Development/Redevelopment Agency is committed to the values of integrity, excellence, stewardship, partnership, citizenship, and innovation.

Redevelopment Areas

Produced by Sandy City GIS
 Jake Petersen, GIS Technician
 April 25, 2007

- Finalize participation agreement for South Towne Mall.
- Continue implementation of the new economic development plan strategies.
- Facilitate completion of approved developments in existing RDA project areas.
- Creation of community development project areas for BD Medical, 114th South, 100th South Trax Station, and Union Heights.
- Begin master planning of the 9400 South superblock.
- Finalize agreements and development of the Proscenium project.
- Implement the recommendations of the Mayor's Economic Development Committee.

Five-year Accomplishments

The Economic Development Office recognizes its role as a facilitator to attract new business and job opportunities to Sandy City. The projects listed below are the result of a coordinated effort by the staff of various city departments and officials.

- Finalized an agreement and budget for the ReAL soccer stadium.
- Created a Community Development Project Area (CDA) for 9400 South and State Street.
- Office Buildings: Workers Comp II and Realtors Building.
- Businesses: E-Trade, Hilton Garden Hotel, and Hyatt Hotel.
- Retail Projects: Tai Pan Trading Company, Union Heights, and Quarry Bend.
- Prepared and implemented the existing business expansion and retention program.
- Implemented the Mayor's Economic Development Committee.

Significant Budget Issues

STAFFING & COMPENSATION

Staffing and Compensation Plan

I. EFFECTIVE DATE

The provisions of this plan shall be effective commencing July 1, 2009 except as it has been or may be amended from time to time by resolution of the City Council and subject to budget limitations established by the Council.

II. PURPOSE

THIS PLAN IS NOT A CONTRACT, NOR IS IT INTENDED TO VEST EMPLOYEES WITH RIGHTS OF EMPLOYMENT OR COMPENSATION OR ANY CAUSE OF ACTION WHATSOEVER. THE PLAN IS SUBJECT TO CHANGE AT ANY TIME BY RESOLUTION OF THE CITY COUNCIL AND IS INTENDED TO DO THE FOLLOWING:

- A. Establish a compensation system whereby the salary ranges are established by market and classification data.
- B. Design the compensation system whereby movement within the salary ranges is determined by individual employee productivity and skills.
- C. Comply with 10-3-818 U.C.A. 1953, relating to the establishment of employee compensation.

III. STAFFING

The Mayor may appoint and hire personnel necessary to carry out the duties and goals of the city within budget limitations as established by the City Council. Current budget staffing is outlined in Attachment D.

IV. ELIGIBLE EMPLOYEES

Eligible employees may be appointed, classified, and compensated under policies and procedures promulgated by the Mayor, within budget limitations established by the Council. All appointed employees, elected officials, and regular, part-time, and seasonal employees are subject to the Sandy City compensation plan as provided herein.

V. COMPENSATION PHILOSOPHY

Sandy City is committed to maintaining employee wage ranges which are competitive with other Wasatch Front communities of comparable size. Annually the Human Resource Office will conduct a wage and benefits survey of the relevant communities. Because not

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

all city positions have matches in the established market, a classification analysis may also be done on each position in conjunction with the market survey. This classification analysis may consider such factors as education and experience requirements, supervisory and financial responsibilities, level of risk in the position, and the analytical requirements of the position.

Based on the market and classification analysis, the Mayor's Budget Committee will review wage ranges and recommend changes as appropriate. City Council ranges will be approved by the City Council as part of the annual city budget.

VI. WAGES AND SALARIES

A. Appointed, Regular, and Part-time Status

Appointed, regular, and part-time employees may be paid within ranges specified for their position and receive insurance, retirement, and other benefits as summarized in Attachments A and B as established by the Mayor and approved by the City Council.

It is recognized that the Chief Administrative Officer (CAO) and the City Attorney are appointed officers of the city that have been hired under written contract. Such contracts, and the compensation provided thereunder, are hereby ratified and confirmed by the City Council and are hereby made a part of the city's compensation plan. The Mayor may review such contracts annually and execute amendments on behalf of the city if appropriate to conform such agreements more fully with this Plan, as it may be changed from year to year. Copies of such contracts, and any amendments hereof, shall be maintained for public inspection in the office of the City Recorder.

NO OTHER CONTRACTUAL RIGHTS TO EMPLOYMENT OR COMPENSATION ARE INTENDED TO BE CREATED OR RECOGNIZED BY THIS PLAN NOR MAY SUCH RIGHTS BE CREATED EXCEPT THROUGH EXPRESS WRITTEN CONTRACT EXECUTED WITH THE MAYOR, WITHIN CERTIFIED BUDGET APPROPRIATIONS AND CONSISTENT WITH THIS PLAN AND THE REVISED ORDINANCES OF SANDY CITY SECTION 6-7-3.

B. Performance Pay

A two-tiered performance pay plan structure may be used combining base salary increases and performance and incentive (lump-sum) pay, subject to budget limitations approved by the City Council. The top 5% of each salary range is an

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

incentive step. Employees that reach this portion of their salary range are eligible for annual incentive step (lump-sum) pay up to 5%. Employees that have not reached the incentive step of their salary range are eligible for performance incentive (lump-sum) pay up to 1%. These incentives will be awarded based on attaining positive performance evaluations and predetermined goals.

Employees, regardless of their position in their salary range, are eligible for individual spot awards up to 1%. These awards are for exceptional performance, often on special projects or for performance that so exceeds expectations as to be deserving of an add-on payment.

Incentive payments shall be calculated net of taxes and shall not exceed the limits set forth above for any employee in any one fiscal year, unless approved by the Mayor.

C. Elected Official

The Mayor and City Council members' compensation shall be adjusted annually on July 1 by an amount equivalent to the average pay increase to city employees.

D. Seasonal Employees

A separate pay plan shall be used to compensate seasonal employees. Benefits for seasonal employees shall be established by the Mayor with the approval of the City Council (Attachment A).

E. Separation and Severance Pay

Any employee terminating employment with Sandy City is entitled to separation payments for accrued vacation and earned compensatory time plus benefits, as provided by city policy and promulgated by the Mayor, as shown on the payroll records at the time of termination.

The Mayor, at his sole discretion and upon recommendation by a department head, may extend severance payments to employees of the city under the following provisions:

1. The amounts of severance not to exceed an amount equivalent to three months base salary.
2. The compensated employee meets one or more of the following criteria:

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

- a. The employee has lost employment with the city due to reduction-in-force, physical or mental disability, or a termination without cause.
 - b. The employee is eligible for retirement under the Utah State Retirement System, provided that retirement is entirely voluntary by the employee and the employee's department can demonstrate a savings to the city which is at least equivalent to the amount of the additional severance benefit.
3. Any severance payments may be conditional, as determined by the Mayor, and must be made from actual and current budget appropriations as approved by the City Council.
4. Such payments may be in the form of a single lump-sum payment, periodic cash payments, insurance benefits, annuity, or other similar forms.
5. It is negotiated with the employee that receipt of any such payments shall be conditioned upon the compensated employee waiving any claims against the city relating to the termination of employment.

Additional severance payments in excess of three months must be approved in advance by the City Council.

F. Miscellaneous Compensation Provisions

Subsection E shall not vest any employee with severance payment rights or restrict the CAO from classifying, reclassifying, advancing, or terminating city employees under policies and procedures promulgated by the Mayor.

VII. PAY PREMIUMS, DIFFERENTIALS, AND ALLOWANCES

In addition to compensation provided under Section III, eligible employees of the city shall receive the following benefits:

A. Overtime and Gaptime Compensation

Eligible employees who are authorized and required by their supervisors to perform city work on an overtime basis shall be compensated by pay or compensatory time off at rates and procedures established by city policy and procedure in accordance with federal regulations.

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

In no case shall overtime compensation exceed the rate of 1½ times an employee's regular hourly rate of pay. Gaptime shall not exceed an employee's regular hourly rate of pay.

[NOTE: Gaptime is straight time overtime.]

B. Certification, Education Assistance, Incentive Pay

The Mayor may adopt programs to promote employee education and training, provided that all education assistance and education compensation incentives under such programs are authorized within appropriate budget limitations established by the City Council and administered in accordance with applicable Federal and State statutes.

C. Differential Pay

The Mayor may adopt programs to reward employees for the performance of assigned duties which may not be permanently assigned and/or are additions to the normal or regular duties of the employee's position.

D. On-Call Pay

Any department required to provide 24-hour emergency response service may pay a special fixed amount of pay for employees to remain available to respond while otherwise off-duty. Such programs must be approved by the Mayor and paid from budget appropriations as approved by the City Council.

E. Other Allowances

1. Automobiles

- a. The Mayor may authorize under city policy an eligible employee to utilize a city vehicle on a take-home basis, and shall, as a condition of receipt, require eligible employees to report usage to the city and to report a portion of the take-home vehicle cost as a taxable benefit or to pay reasonable expenses.
- b. A car allowance may be paid to department heads and other eligible employees, within budgetary limitations established by the City Council, but in no case to exceed \$493.00 per month. Such

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

payment shall be in lieu of local mileage allowance or an assigned city vehicle. The rate shall be determined based upon annual driving requirements of the position and for the inflationary increase of the cost of vehicle operation.

c. **Mileage Reimbursement**

Some employees may be required to use their personal automobile for business purposes. Mileage for business use shall be reimbursed at the current IRS authorized rate.

2. **Uniforms and Tools**

Eligible employees may be provided uniforms and tools or receive an allowance for the procurement of uniforms and tools within policies and procedures established by the Mayor. Each employee shall be responsible for the care and maintenance of uniforms and tools in his/her charge.

3. **Cell Phones**

In accordance with policies and procedures established by the Mayor, employees may receive an allowance to compensate them for using their personal cell phone to regularly conduct city business. No cell phone allowance shall exceed \$40.00 per month unless approved separately by the Chief Administrative Officer.

VIII. LEAVES OF ABSENCE

Eligible employees may receive scheduled and emergency leaves of absence, with supervisor approval. The specific terms and conditions upon which such leaves are to be made available to appointed, elected, regular, and part-time employees, including holidays, vacations, family and medical leave, bereavement leave, military leave, jury duty leave, bonus leave, administrative leave, and leave without pay shall be administered by policies and procedures promulgated by the Mayor.

IX. INSURANCE

A. **Group Insurance**

Appointed, regular, and part-time employees and elected officials of the city may participate in the city's group insurance in conformity with and under the terms of

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

each insurance plan adopted by the Mayor and approved by the City Council.

The city may provide a fixed cafeteria credit or Health Reimbursement Arrangement (HRA) as detailed in Attachments A & B to each appointed, regular and part-time employee and elected official.

The city may deduct from each applicable payroll all monies, including cafeteria credits and other employee benefit dollars or wages, necessary to fund employee cost of insurance coverage and make all payments necessary to fund the plan within budget limitations established by the City Council.

Life and disability insurance may be provided for all eligible employees.

Group Insurance includes:

1. Health and Dental Insurance
2. Group Employee Life Insurance
3. Disability Insurance

B. Worker's Compensation

In addition to the foregoing, the Mayor may provide for worker's compensation coverage to the city's workforce including seasonal, volunteers, and court assigned workers under applicable provisions of State statute, and other service related disability plans compensating appointed, elected, and career employees of the city who are permanently and totally disabled while in the discharge of official duties.

C. Unemployment Insurance

The city will provide unemployment benefits as provided by State law to employees who lose their employment with the city under terms and conditions established by State law and regulation.

X. RETIREMENT

A. Social Security

Sandy City has elected to exempt itself from participation in the Federal Social Security System with the exception of Medicare provisions for employees hired after April 1, 1986.

[This plan does not create employment or compensation rights.]

Staffing and Compensation Plan

B. Retirement Programs

The city may, in accordance with applicable state and federal laws, permit or require the participation of appointed, elected, regular, part-time, and seasonal employees in retirement programs as approved by the City Council. Such programs include:

1. The Utah Public Safety Retirement System
2. The Utah Firefighters Retirement System
3. The Utah State Public Employees Retirement System
4. Deferred Compensation Programs, including IRS approved 401(k) or 457 plans
5. IRS approved Individual Retirement Accounts (IRA's)
6. IRS approved Retirement Health Savings (RHS) plans
7. A Medical Retirement Plan funded by individual Retiree Health Savings (RHS) accounts.

The Mayor may make direct retirement contributions to designated employee groups in accordance with established RHS plan documents, provided that any such contribution together with performance pay shall not exceed the limitations of Section VI. B.

The city may, at the request of any eligible employee, deduct additional funds for approved deferred compensation programs for the employee subject to federal Internal Revenue Service guidelines and limitations.

XI. SCHEDULE OF GROUP BENEFITS

* ALL AMOUNTS ARE PAID SEMI-MONTHLY (24 PAY PERIODS PER YEAR)

Note: Additional cafeteria credits are available as follows (semi-monthly dollars):
Regular employees opting out of medical insurance before July 1, 1994
Part-time employees opting out of medical insurance before July 1, 1994
Regular employees opting out of dental insurance
Part-time employees opting out of dental insurance

	Single	2 Party	Family
Regular employees opting out of medical insurance before July 1, 1994	\$34.87	\$31.67	\$28.46
Part-time employees opting out of medical insurance before July 1, 1994	\$15.83	\$12.62	\$9.41
Regular employees opting out of dental insurance	\$4.75	\$11.01	\$16.27
Part-time employees opting out of dental insurance	\$2.94	\$7.38	\$10.83

* All employees that have enrolled in the city's medical insurance plan since July 1, 1994 can choose to opt out of the medical insurance only if they have another plan in place; however, they will not be eligible for additional cafeteria credits. Opting out of the city's medical plan requires that an employee sign a medical insurance waiver. Before doing so, an employee is required to talk with someone in the Human Resources Division about the potential benefits of coordinating the city's plan with his/her alternate coverage.

** Actual HRA/Cafeteria Credit amounts employees receive depends on participation in Wellness Program. See Attachment B for more information.

*** Employees that waive medical insurance will also receive an additional cafeteria credit of \$47.10 if they participate in the Wellness Program or \$15.40 if they do not participate in the Wellness Program.

**** Sandy City Corporation reserves the right to modify these benefits at times and in ways deemed appropriate and necessary to meet the needs of the city and its employees generally.
